

Nixon Spurs Food Price Control

Waste Treatment Formula Sliced . . .

Matching Fund Proposal Cut

By DON WALTON
Star Staff Writer

The Legislature's Appropriations Committee Thursday reduced state matching support for construction of municipal waste treatment facilities from the 12½% recommended by the Exon administration to 5%.

Under the committee's funding formula, local communities would pick up 20% of the costs.

Federal funds are available at a 75% matching level.

Exon had proposed in his

operational budget bill, LB259, that the state and local communities split the remaining 25% obligation, and budgeted \$1,850,000 to pay the state's share of the costs.

The committee's plan cut the governor's budget figure by \$1,110,000, providing a \$740,000 appropriation.

That level of funding would permit a total of \$14.8 million in waste treatment construction.

Sen. Harold Simpson of Lincoln proposed the 5% state contribution as an alternative to the

legislative fiscal staff's recommendation that the state provide no matching funds at all, leaving a 25% obligation to local communities.

Since some communities have entered the program at a 20% matching level, Simpson reasoned, the state should not take action which would increase local obligations.

"We should not throw an added burden on them," Simpson said.

His motion prevailed on an 8-1 committee vote.

A number of communities have entered into the program under previous matching terms,

since altered by the federal government.

Whereas the federal government now provides 75%, it used to provide either 50% or 55%, depending on the community plan. The state picked up 25% of the costs, while local communities were obligated for the remaining 20% or 25%.

In other action, the committee approved the governor's budget recommendations for 35 state agencies, and reduced recommended funding levels for five others in addition to the Department of Environmental Control.

Cuts were administered to programs within the Department of Revenue, the Department of Agriculture, the Military Department, the Game and Parks Commission and the Department of Economic Development.

Total cuts were about \$1.8 million.

There are 80 separate agencies in the governor's budget bill. Awaiting action next week are such major units as the University of Nebraska, the state colleges and the Department of Public Institutions.

Staff members have recommended relatively minor increases in at least 22 agencies.

Among agency budgets approved Thursday was the \$106.2 million recommendation for the Department of Roads.

Exon's recommendation of \$207.428 for operation of his own office was also approved without change.

Pending when the committee adjourned for the week was a proposed cut in funding for the Commission on Drugs.

Sen. Dave Stahmer of Omaha said the reduction — proposed by the staff — should be rejected, and a \$500,000 increase approved in its place.

More funds are needed for community drug programs, Stahmer said. If they are not provided, he suggested, "we are derelict in our duty."

Earlier, the committee rejected Exon's proposal to transfer four vocational education and training programs from the Department of Education to other state agencies.

NIXON . . . says he won't let counsel testify.

Bruce Going To Peking

. . . Hanoi Is Warned

WASHINGTON (AP) — President Nixon Thursday ruled out price controls on food and said the most powerful weapon in combatting high prices is the American housewife.

"And I would suggest that the fact that some of the pressure on prices may be lessening now, as a result of housewives buying more carefully, may have some good effect," he said.

Nixon, at a news conference, said of the housewife: "Her decisions, as she buys, whether she buys something that is more expensive or less expensive, have a far greater effect on price control than anything we do here."

Nixon began the session with announcement that he has named veteran diplomat David K.E. Bruce to head a liaison office in Peking. The Communist Chinese shortly will name the chief of their liaison office which will be set up in Washington, he said.

The President issued a warning to the North Vietnamese saying they should not "lightly disregard" U.S. expressions of concern about violations of the cease-fire agreement. He said he was more concerned over the reported infiltration of heavy equipment than over the infiltration of new troops.

On other matters, Nixon:

—Challenged the Senate to a Supreme Court test over his refusal to allow his legal counsel, John W. Dean III, to testify at hearings on the nomination of L. Patrick Gray III, to be head of the FBI.

—Said the administration will sell materials from its strategic stockpiles in a move to push prices down.

—On the possibility of foreign travel, said he has received recommendations that he visit Europe, Latin America, Africa and Japan and may make one trip in early summer and another one in the fall. He did not say where he would go.

—Said he is for mandatory criminal penalties with regard to hard drugs "because I think we have to move vigorously in this area." He also restated his support of the death penalty for certain offenses.

Nixon said his administration is giving "highest priority" to get the pressure on prices down through measures to increase supply and productivity.

One new measure, he said, is the decision to sell materials from the government's strategic stockpile of raw materials. Nixon said he has concluded it would be "safe for the United States to very substantially reduce" the stockpiles.

A high administration source said the administration can sell \$1.5 billion from its stockpiles without congressional approval and probably will ask Congress for authority to sell additional billions in stockpile items.

The stockpiles are maintained for use in the event of national emergencies, such as war, and they include such items as aluminum, rubber, tin, copper, silver, lead, zinc and cobalt.

The President said if he thought price controls on farm products and food prices would work, "I would impose them instantly."

He said the administration is moving instead to remove import restrictions against food and is directing its farm policy toward increased production.

Senate Rejects Bigger Trucks

WASHINGTON (AP) — The Senate Thursday approved a three-year \$18-billion federal highway bill, rejecting a move which could have opened the nation's roads for bigger buses, trucks and "truck-trains."

The vote on passing the complete package was 77 to 5. The bigger-truck amendment of Sen. Clifford Hansen, R-Wyo., was defeated 67 to 23.

In two days of debate and voting the highway lobby earlier suffered a rare setback with Senate approval of tapping the \$6 billion annual pool of federal gas, oil and tire taxes, known as the Highway Trust Fund, for local option spending on mass transit.

Hansen said his amendment to repeal federal weight and size

restrictions on trucks and buses would remove a "crazy quilt" arrangement of limitations, allowing bigger trucks to bring down prices and help fight pollution.

The states could still regulate truck sizes within their borders Hansen said, and since they pay "100 per cent" of road maintenance costs they would not allow too large a truck.

A 1970 Government Accounting Office investigation in nine states said trucks were the crucial factor in breaking up highways.

Some \$200 million in federal tax money has been spent on resurfacing federal roads, and repaving is not included in the state's maintenance obligation.

Sorensen Says Papers Couldn't Hurt U.S.

LOS ANGELES (AP) — Theodore Sorensen, former special counsel to President John F. Kennedy, testified Thursday that release of a volume of the Pentagon papers could not have injured the United States in 1969 because it told of a long-abandoned plan for withdrawal of U.S. troops from Vietnam.

However, Sorensen, testifying in defense of Daniel Ellsberg and Anthony Russo in the Pentagon papers trial, was not allowed to tell jurors whether he used classified material as sensitive as that in the Pentagon study to write his three books on the Kennedy administration.

Defense attorneys were expected to press for admission of such testimony when Sorensen resumed the stand Friday. They seek to prove that officials are free to use classified material publicly without being prosecuted as Ellsberg and Russo are.

Sorensen told jurors of the confusion existing in the early 1960s over the Vietnam situation. He recalled that many missions were sent to Vietnam to report back the true situation.

"One famous mission came back with such

divided opinions between the military and civilian officials that went, that President Kennedy said to them at the National Security Council, 'Are you sure you fellows both went to the same place?'" Sorensen related.

Sorensen said Kennedy's withdrawal plan, born in the optimism of 1962, was abandoned in 1964 when the Vietnam situation made such an exit no longer realistic.

Sorensen took the stand after the defense complained to the judge that the government prosecutor was practicing obstructionism in delaying Sorensen's appearance as a witness.

The former Kennedy adviser, scheduled to testify early in the day, didn't appear until it was nearly time for the court's daily recess after the prosecutor extended a promised brief cross-examination to more than four hours.

During the cross-examination, Asst. U.S. Atty. David Nissen had Canadian diplomat Chester Ronning read lengthy portions of a volume of the Pentagon papers in which he was mentioned.

Before Ronning left the stand, he refused to

change his original testimony and added a point of interest by declaring that President Lyndon B. Johnson probably stopped the bombing of North Vietnam in 1968 because he feared a world war was imminent.

Ronning, an expert on Chinese affairs and former ambassador to China, said there was fear in 1968 in Washington that "if the Chinese felt their security was threatened, they would react whether they were invited by North Vietnam or not."

"To relieve that danger," said Ronning, "which would have resulted in a world war unquestionably, President Johnson stopped the bombing that was contiguous with the Chinese border." Soon after that, he said, Johnson stopped all bombing of the North, and peace talks began.

In the past week, the Kennedy "New Frontier" has been represented at the trial in testimony of former advisers McGeorge Bundy, Arthur Schlesinger Jr. and John Kenneth Galbraith. All have said that release of the Pentagon papers in 1969 would have had no effect on U.S. defense interests.

Need For 'Reasonableness' In Discipline Stressed

By PATTY BEUTLER
Star Staff Writer

A high school principal, a university professor and an attorney shared their views on discipline with several hundred teachers gathered at Pershing auditorium Thursday afternoon.

The panel discussion was part of the first day's activities of the annual teachers convention sponsored by the Nebraska State Education Association.

Speaking as an administrator, Jim Huges, principal of Lincoln East High School, stressed that "reasonableness" should be the key in deciding what rules and regulations should be operational within a school building.

While a school should have a "reasonable exercise of authority," Huges contends that students also have rights and can add constructively to the process of rule-making.

Huges also spoke of the strong obligation on the part of an administration to help teachers think through a discipline problem and to supply them with feedback concerning what action has been taken. By the same token, Huges feels that teachers must be open to more than one option in handling discipline problems.

"Catch the child being good" was the advice Dr. Roger Bruning gave to teachers in his discussion on the implications of punishment.

The UNI educational psychologist emphasized a need for teachers to focus on the positive in reacting to a student's behavior.

Although punishment will temporarily suppress a misbehavior, Bruning noted that when the threat of punishment is removed, the misbehavior crops up again.

Surveys Set For 2 Routes

. . . By LTS

The Lincoln Transportation System (LTS) Board Thursday decided to conduct ridership surveys on the two bus routes which remain on temporary status as a result of City Council action last week.

The council gave permanent status to all routes except the Trendwood and South and Irving School, which came under fire from area residents.

The LTS Board has up to six months to evaluate the current routings of the two contested routes and then make a recommendation back to the council on making those routes permanent.

Trendwood residents protested the routing of the bus down So. 77th, instead suggesting that the bus run down A to 70th.

Residents living along Prescott protested the routing of the Irving School bus along Prescott from 33rd to 36th.

Board members noted that the survey may show a need to change the present routings — or may indicate the original routings recommended by the board were justified.

In other action board members were told that in the past two weeks 4½ of the bus passengers have been using tokens. That system was initiated two weeks ago.

LTS official Mark Huddleston reported that in the first week of the system's operation, bus drivers sold \$738 worth of tokens and sold \$378 worth during the second week.

The board authorized LTS Manager Jerald Rae to implement a bus informational tour for elementary school classes.

Under the program grade schoolers will be able to ride a LTS bus and learn such techniques as boarding and disembarking, how to read routing schedules and hear about the importance of mass transportation.

Student Fee, Book Loan Plans Stalled In Ed Unit

By BOB GUENTHER
Star Staff Writer

The bill-laden Education Committee of the Legislature Thursday cleaned out its crowded docket of seven bills, but tie votes stalled action on measures to eliminate mandatory student fees at state schools and to broaden the textbook loan law.

The prime item on the committee's agenda — increased state aid to public schools — was not even touched during the two-hour nighttime executive session.

Committee chairman Jerome Warner said the committee would take up the five state aid plans now pending as soon as Gov. J. James Exon submits his proposal as promised.

Warner added, however, that the legislative calendar already past the halfway mark and the workload dictate that if any of the state aid plans are going to be able to receive adequate consideration they will have to be on the floor of the Legislature "not much after the end of March."

"I'm assuming he's being honest with the public," Warner said. "We're reaching the point in the game that if he's honestly playing the game, it will have to be introduced. If it is referred to the Legislature, (Exon's bill) will receive every opportunity for consideration."

Action Thursday was also held up to some degree because two senators — George Svasek of Omaha and Otto Kime of Valentine — were absent.

LB362, Sen. James Dickinson's bill eliminating collection of mandatory student fees at NU, the state colleges and the vocational technical community colleges, fell one vote short of being killed on a motion by Sen. James Waldron.

Little discussion preceded the 4-2 vote as Sens. Steve Fowler of Lincoln, Maurice Kremer of Aurora, Warner and Waldron went on record to kill the bill. Voting to keep the bill alive were Dickinson and Sen. Ralph Kelly of Grand Island.

The bill will be reconsidered next Tuesday at the next scheduled executive session.

LB358, which would expand the textbook loan law to private schools thru the 12th grade instead of just grades 7-12, was also hung up on a tie vote. The original law authorizing the loans is currently being tested before the Nebraska Supreme Court.

The committee advanced LB370 as amended which gives teachers, administrators and other school employees the right to examine their personnel files (except for letters of recommendation.) Pupils would also be given access to school files and records concerning them. Unauthorized persons could not see them.

Only Dickinson voted against the amended LB370.

In other action the committee:

—advanced LB307 which allows children of Vietnam POWs and MIAs to attend state colleges and the University of Nebraska.

Campaign Begun To Control Canal

PANAMA (AP) — Brig Gen Omar Torrijos, saving Panama does not want to become another star in the U.S. flag called for world support Thursday in helping this republic assume control of the Canal Zone.

The Panamanian strong man made the appeal in the opening session of the special Latin American meeting here of the U.N. Security Council.

U.S. Ambassador John Scali who made his first official appearance in a U.N. body told newsmen later that Torrijos was attacking a straw man and knocking on a door that's wide open insofar as a new canal agreement and better relations are concerned.

Torrijos, who took over after a National Guard coup against the newly elected government of Arnulfo Arias in October 1968, appeared before the Security Council in a dark civilian suit although he is the military commander in chief.

Reading from a prepared text

he said. It is more noble to correct in error than continue it. This was a reference to the 1903 U.S. Panama treaty that gave the United States sovereignty and jurisdiction over the 550 square mile Canal Zone forever.

Of the world here present, the general added, we ask your moral support in this fight which is now reaching the limits of the patience of our people.

Torrijos berated by interference the United States and the Organization of American States for the economic blockade of Cuba for the last decade.

The general was the only major speaker in the opening session of the extraordinary Security Council meeting.

The session adjourned after a half hour so the delegates from the 15 member nations, the foreign ministers of nine other Latin American nations and a score of observers could take a tour of the Panama Canal arranged by Torrijos' government.

Torrijos invited the Security Council to meet in Panama because he wanted to get world attention on what Panama considers to be U.S. colonialism.

Scali took issue with the general's comments on the economic blockade of Cuba.

The Cubans know they brought the sanctions on themselves by exporting their revolution, Scali said. As soon as they stop doing that, the blockade will stop.

Murat B. Chie Young, 72, creator of the 'Blondie' comic strip, died Wednesday in St. Petersburg, Fla., of a pulmonary embolism. A King Features spokesman said Thursday the comic strip will continue.

Indian Militants Criticized

WASHINGTON (AP) — Secretary of the Interior Rogers C. B. Morton Thursday sharply criticized the Indian militants who have seized the town of Wounded Knee and said federal agencies should not give in to blackmail.

Morton said the militants' actions are criminal operations and should be dealt with accordingly.

The criticism was coupled with a firm defense of recent federal policy toward American Indians and a detailed accounting of efforts to encourage self-determination and prosperity among the recognized Indian tribes.

Morton himself has been undergoing radiation treatment for prostate cancer at the University of Stanford Medical Center in Menlo Park. Can his lengthy policy statement be issued through his office here?

Morton emphasized federal law empowers the Interior Department to serve directly only the recognized Indian tribes and to deal with their elected officials. Although the total Indian community includes many other interests and factions.

He said he has maintained a wide open policy of communication with all Indian groups, federally recognized or not. But he accused them of preferring violent publicity generating confrontations.

Some of their leaders are star struck with self-righteousness, he said.

Single Company Causes Gyration In Dollar Trading

The New York Times

By CLYDE H. FARNSWORTH
Paris — The dollar weakened Thursday after strengthening earlier in the week but the reason for these gyrations had less to do with the monetary crisis than with the needs of a single company for dollars.

The company was Nestle, the giant multinational food corporation of Vevey, Switzerland, which had just made an

American investment and had to pay for it.

A company spokesman confirmed that Nestle had just acquired the Stouffer's frozen foods division of Lutton Industries and said payment was due around this time.

He declined to say directly that the company had been in the exchange markets. Just put two and two together, he said.

Although the spokesman also declined to reveal the amount involved, foreign exchange specialists said the company had

been selling Swiss francs to raise the equivalent of \$300 million.

The activities of Nestle demonstrate the power of multinational companies to influence the currency markets.

In addition, small central banks from oil-rich Arab countries, Communist countries and other nations deal in the markets along with private banks and other investor speculators.

The purchases lifted the dollar rate Wednesday to \$27 Swiss francs, its highest level in month, and had a similar effect

on the dollar's relationship to other currencies.

The dollar closed at 28350 marks, which was higher even than the old intervention floor. The dollar had fallen through that floor after unwanted greenbacks deluged Germany two weeks ago.

Wednesday's strength of the dollar had led some observers to conclude that the monetary crisis was nearing an end. As the dollar plunged in the markets Thursday (mainly because Nestle had already acquired all the

dollars it needed), the view became less sanguine.

The dollar closed Thursday against Swiss francs at 120 and against the mark at slightly under 280.

Friday in Paris, finance ministers of major Western countries are expected to take decisions that they hope will lead to more orderly market conditions when official foreign exchange dealings reopen next Monday.

World News

U.S. Violations Alleged

Saigon (AP) — Hanoi charged on Thursday that U.S. reconnaissance planes flew over North Vietnam on Monday and Tuesday and termed the flights blunt violations of the Viet

nam peace agreement. It was the first such charge made by Hanoi in the 47 days the cease fire has been in effect.

While the U.S. Military Command declined comment on the allegations, other American sources acknowledged it is possible that American planes got in too close. These sources added that the United States is not too worried about the charges.

The peace agreement signed in Paris Jan. 27 by the United States and North Vietnam prohibits reconnaissance flights over North Vietnamese territory. U.S. sources said that is true as they know the United States has honored this clause of the agreement.

The U.S. Command has acknowledged that American reconnaissance flights are continuing over South Vietnam. The United States says its interpretation of the agreement is that only reconnaissance flights over North Vietnam are barred.

House Ag Committee Approves Compromise In Battle On REA

Washington (AP) — The House Agriculture Committee tentatively approved a Democratic-backed version of a compromise Thursday after rejecting a Nixon administration proposal in a battle over the future of rural electric and telephone loans.

The key vote was 23 to 12 against a bid by Rep. Wiley Mayne, R-Iowa, to insert his proposal in a compromise sponsored by Rep. W. R. Poage, D-Tex., the committee chairman. Republicans cast all the votes supporting Mayne.

Then the committee voted 32 to 4 to introduce Poage's compromise as the legislation that will be put before the panel Tuesday for action.

The dispute stems from the administration's new policy on loans. A Rural Electrification Administration program of direct loans from tax funds at 2% interest was killed by Nixon, who then substituted a plan of private financing for REA-backed loans with a requirement they bear 5% interest.

World News

The Senate has passed legislation to restore the original program.

Poage's compromise, revised several times in recent days although still subject to some objections by the administration, aims at setting up a system of insured and guaranteed loans under a rural electric and telephone revolving fund arrangement. It would call for insured loans at a standard interest rate of 5% or at a special 2% rate provided to borrowers based on restrictive criteria. As tentatively approved by the committee, the compromise

would allow 178 electric borrowers (19.2%) and 186 telephone borrowers (22.9%) to obtain financing at 2% interest. The administration-backed version would give such financing to 81 electric borrowers and 53 telephone borrowers.

Furthermore, \$456 million previously appropriated but impounded by Nixon, and originally placed in the revolving fund for initial cash, was deleted from Poage's revised compromise. Immediate cash requirements of the fund for advances on new loans would come from repayment on outstanding direct loans, estimated at \$25 million a month.

On his bill, Poage said: "I don't know whether the President will veto it—he gets 95% of what he says he wants."

After the vote, an official of the National Rural Electric Cooperative Association said his group endorses Poage's bill.

House Votes To Extend EDA

WASHINGTON (AP) — The House Thursday passed a \$1.22-billion bill to extend the Public Works and Economic Development Act until June 30, 1974. A similar bill was vetoed in 1972 by President Nixon.

The measure sent to the Senate by roll-call vote of 278 to 108 was a toned-down version of a bill President Nixon vetoed last October on the ground it was too costly and "ineffective."

Funds authorized in the new measure are at the same levels as for fiscal years 1972 and 1973. They include \$800 million for public works grants, \$170 million for public works and business development loans, \$50 million for technical assistance and research, \$50 million for growth centers and economic development districts, and \$152.5 million for regional action and planning commission programs.

Two Die In Snowstorm

Two deaths have been attributed to the blinding snowstorm that swept into South Dakota Wednesday, paralyzing most of the western quarter of the state.

The body of an airman from Ellsworth Air Force Base was found in a field near the main gate early Wednesday—apparently the victim of exposure—and an employee of the Black Hills Power and Light Co. apparently died of carbon monoxide poisoning while sitting in his truck during the storm.

The airman was identified as S Sgt Edwin Selmar Role, 41, and the power company employee was identified as Douglas Nelson, 43.

A spokesman for Ellsworth AFB said it appeared that Role had attempted to walk to shelter after his car stalled.

Nelson, a substation foreman in Rapid City, was working to repair storm-damaged power lines. His body was found by another BHP&L employee in his truck. The motor was running and the truck was nearly covered with snow.

WAVING . . . at Clark Air Base are Flynn, left, and Smith.

China Frees Last 2 U. S. Captives

CLARK AIR BASE, Philippines (AP) — China emptied its prisons of its last American captives Thursday, permitting two U.S. fliers to cross into Hong Kong.

They flew on to Clark Air Base in the Philippines to join 108

prisoners of war freed a day earlier in Hanoi, with another 32 due out Friday.

Air Force Maj. Philip E. Smith, 38, and Lt. Cmdr. Robert J. Flynn, 35, of the Navy, were labeled "detainees" rather than "prisoners of war" by American officials because there were no

hostilities between the United States and China.

But the two men shot down over China while on Vietnam missions immediately went in to the same system with the POWs and began receiving similar medical checks and administrative processing.

Micronesia 'Dangerous To Asians'

. . . Says Pravda

Moscow (UPI) — The Communist Party newspaper Pravda Thursday accused the United States of turning Micronesia into a "dangerous zone" and a military threat to Asia.

"The United States has promised to prepare the population of Micronesia for independence," Pravda said.

In fact, the islands and atolls are being turned into a dangerous zone from where the Pentagon intends to threaten the peoples of Asia.

The Pacific island group will become "the basic center for the stationing of additional bases, a giant proving ground for new missiles, a center of the Navy according to Pravda."

Not only the Micronesians but also Australia, Indonesia and other nations opposed the area being put to such use, it said.

Chimney Rock Tumbles In Northwest Oklahoma

WAYNOKA, Okla. (AP) — Chimney Rock, a unique geological formation which guided covered wagons to a safe cross-

ing of the Cimarron River in the Wild West era, has fallen. It was reported today.

Riverett Butler, superintendent of nearby Alabaster Caverns State Park, said he had been informed the pillar was down by the family which owns the land on which it had stood. He said he planned to go to the scene in northwestern Oklahoma later in the day to inspect the place.

Butler said he suspected the slender shale and clay tower 50 to 60 feet high might have been weakened by recent rains and blown over by high winds.

The formation had been known since the first settlers went through the area.

This Is Real Dedication!

Washington (UPI) — HEW Secretary Caspar W. Weinberger has had a telephone installed in his office bathroom.

A spokesman for the Health, Education and Welfare Department confirmed that the new green phone was installed within the past week as an extension to the two telephones in Weinberger's office on the fifth floor of the HEW building.

Police Say Two Operated Slave Farm-Labor Camp

HOMESTEAD, Fla. (AP) — Two men were arrested Thursday on charges of operating what police called a slave labor camp for 27 migrant farm workers.

"They were working against their will and were being held as slaves," said one Dade County Metro detective.

Charged with false imprisonment at the Far South Labor Camp and conspiracy were Joe L. Brown, 35, an agricultural labor contractor, and Lafayette Matthews, 27, a guard at the camp.

A police spokesman said detectives were investigating an unrelated assault at the camp, which housed the crews of three

contractors, when a group of laborers who worked for Brown complained they were being held against their will.

"The crew chief had a guard to keep us from going anywhere," said one young worker from South Carolina who asked not to be identified. "And if any of us wanted to leave, the guard threatened to beat us up. We couldn't even go to the cafe next door."

"He (Brown) kept a record of all we made and what we owed him, and we always owed him more than we made."

Police said Brown was driving a Cadillac Eldorado, which he bought for \$16,000 in cash earlier in the day, and was carrying \$43,-

678 in cash when he was arrested.

The laborers, ranging in age from 22 to 65 years old, were forced to work for \$3 a week but ended up owing Brown money at the end of each week for food and rent charges, police said.

Investigators said the workers were given money to buy food stamps, but groceries purchased with the stamps were then sold back to the laborers.

"He gave us each \$2 a day for food the days we worked," said the South Carolina man who acted as a spokesman for the workers. "Days we didn't work, he would give us a dollar."

"At the end of the week he'd say, 'You made \$50 this week. You owed me \$150, so now you only owe me \$100.'"

Police said the workers were lured to Florida from Georgia and the Carolinas with promises of high pay.

The Dade County Welfare Department moved the laborers to a Homestead hotel.

David K.E. Bruce

Bruce Gets Peking Job

Washington (AP) — David K. E. Bruce, 76, named by President Nixon to head the U.S. liaison office in Peking, China, is the only man to have served as ambassador to London, Paris and Bonn.

He was chief U.S. negotiator at the Vietnam peace talks in Paris for a year until he retired from the post Aug. 1, 1971, giving health reasons.

Evidence Found On Effect Of Replacement Tires

WASHINGTON (AP) — A two-year investigation found no proof of charges by consumer advocate Ralph Nader that General Motors misled Congress about the safety of 1960-1963 Chevrolet Corvair cars, Sen. Abraham Ribicoff, D-Conn., said Thursday.

But Ribicoff said the staff study did find significant evidence that replacement tires can significantly affect car handling.

He said the evidence in the 30,000-page staff study is so serious he has asked Transportation Secretary Claude S. Brinegar to call an international conference of motor vehicle and tire makers on the safety of replacement tires.

Ribicoff said Nader had at first declined to read the report, then changed his mind and said he would look at it over the weekend.

As a result, Ribicoff delayed issuance of the documents and said he would not ask that it be printed in the Congressional Record until next Tuesday.

Nader said the report "is an uncritical reiteration of both GM's rationale for its actions of the Department of Transpor-

tation's incompetent and deliberately distorted report exonerating the Corvair's handling and stability defects."

He said Ribicoff's staff "claimed a lack of technical expertise to determine the merits of the Nader staff critique

of the DOT-Corvair investigation. Yet from time to time, they make technical judgments which demonstrate their complete technical incompetence."

Nader's complaint was made in September 1970 and was based on testimony by GM

witnesses at a Senate hearing on March 22, 1966.

Last year, he said, the 36 domestic and foreign tire makers sold 147.5 million replacement tires for use on 200 separate car models.

Lincoln Firm Seeks Damages From GSA

A suit alleging that the U.S. General Services Administration (GSA) has harassed and caused Midcomax Inc. great inconvenience and embarrassment has been filed in U.S. District Court.

The suit filed by the corporation seeks \$33,158 in relocation expenses from (GSA) and \$100,000 in damages.

The GSA has not acted in accordance with the provisions of the Uniform Relocation and Assistance Act, according to the suit.

Eminent Domain

The suit alleges that the United States government through eminent domain proceedings became the owner of property on which the corporation was operating an on and off-sale liquor establishment and restaurant, Myron's Pizza.

The property at 15th and P was acquired for the new federal building now under construction. According to the suit, the corporation had a written lease for the property with seven years to run.

According to the suit the corporation made repeated attempts to obtain relief under the relocation act, which became effective on Jan. 2, 1971, but was told relief could not be granted until guidelines and policies had been formulated.

'Not Covered'

Then in March, 1972, the suit alleges, GSA informed Midcomax that certain expenses the corporation was claiming were not within the provisions of the act, a decision the corporation alleges is contrary to the act.

The suit alleges GSA held to Calandra Said To Be Merged But Separate

Omaha (AP) — Calandra Industries, Inc., which traces its origin to a commercial photography studio opened in Omaha in 1919, will continue to operate as a separate entity under a \$12.9 million merger agreement with a Texas-based photographic firm, President Charles B. Calandra said.

The agreement with Fox-Stanley Photo Products, Inc., of San Antonio, is subject to approval by Calandra stockholders. A date has not been set, Calandra said.

According to the agreement, Fox-Stanley will purchase Calandra's 652,121 shares of Class A common stock for \$12 per share and 842,530 shares of Class B common stock for \$6 a share.

its decision despite a personal appearance by the corporation's representative at the GSA regional office in Kansas City, Mo.

According to the suit, Midcomax has received approval from the U.S. Small Business Administration for a loan to construct an off and on-sale liquor establishment and restaurant — contingent upon the amount of relocation expenses allowed.

The suit alleges the corporation cannot open the new establishment until the SBA funds are received.

Midcomax earlier had to turn to Lancaster District Court to force the State Liquor Commission to issue a class C liquor license for Myron's Tap and Pizzeria at 1200 No. Cotner.

Candidacy Of Plant Disallowed

Lincoln City Council candidate J. James Plant, No. 3 Briarhurst, was disqualified as a candidate for the council race Thursday by Election Commissioner Bill Davidson.

Plant's petition contained only 97 valid signatures. One hundred are required.

Plant, 30, who filed Wednesday for the council, said Thursday he may contest Davidson's ruling.

With Plant disqualified, 17 candidates will vie for three council vacancies.

Lincoln voters will narrow the field down to six contestants in the April 3 primary.

Bear Cub Dies At Doorly Zoo

Omaha (AP) — The Henry Doorly Zoo's 13-week-old polar bear cub has died — apparently of an acute kidney infection.

Dr. Lee Simmons, zoo director, said only about 5% of the polar cubs born in captivity survive.

"When you get a cub along this far, however, you begin to think it may make it," Simmons said.

The cub was the first to survive this long at the zoo. It had been cared for at the home of zoo veterinarian, Dr. William Russell.

Traffic Toll Up

MADRID (AP) — Spain's traffic death toll last year was 4,453, an increase of 206 over 1971.

Muny Court Indigent Handling Challenged

A suit challenging alleged practices relating to the appointing of attorneys for indigents in Lincoln Municipal Court has been filed in U.S. District Court.

According to the suit filed by Victor Wolfe as a class action the practices in question are:

- No initial determination is made on whether the person charged with a crime is an indigent.
- If only a fine is to be levied as a penalty for a crime, an accused person is not made aware of his right to an attorney nor is one appointed when requested.
- Municipal Court uses its own discretion in determining whether or not a person is allowed to pay a fine on an installment basis.
- The suit asks that the practices be declared unconstitutional and asks that officials be barred from pursuing them.
- The suit also seeks a declaratory judgment that Lincoln Municipal Court cannot deny an application to pay a fine in installments if the person has not defaulted on a previous installment plan.

According to the suit, Wolfe pleaded guilty to a charge of intoxication and was fined \$60 on Dec. 11, 1972.

Prior to his plea, according to the suit, no determination was made of his ability to pay a fine nor was he informed of his right to an attorney.

Because of his inability to pay the suit alleges, Wolfe was jailed

for 12 days until the fine had been satisfied.

In addition, the suit alleges, Wolfe made an application to pay his fine in installments on Dec. 14, but the application was turned down by Judge Thomas McManus.

On Jan. 1, 1973, Wolfe was again arraigned on a charge of intoxication, according to the suit, and again no determination

was made of his ability to pay, nor was he informed of his right to an attorney.

On March 8, the suit alleges, Wolfe was arraigned on the charge once again. The court again did not determine his ability to pay a fine, and when he asked to have an attorney appointed, Judge Donald Grant refused the request, according to the suit.

Wolfe, the suit states, is an indigent with no assets what soever.

A ruling on the suit would apparently clarify a 1972 U.S. Supreme Court ruling that lawyers must be provided to persons charged with misdemeanors if a trial sentence is to be subsequently imposed.

Named as defendants in the suit are the City of Lincoln, Lincoln Police Chief Joseph J. Carroll, Jerry C. Nelson, chief city prosecutor, and Richard R. Wood, city attorney.

Suit Challenging Firing Of Kiernan Reactivated

A suit in U.S. District Court challenging the dismissal of former highway engineer Richard Kiernan by State Highway Engineer Thomas Doyle has been reactivated.

Judge Warren K. Urbom has been asked to set a date for a hearing on a preliminary injunction sought in the suit.

The suit seeks to have the State Department of Roads prohibited from interfering with employees who wish to form, join or assist a labor organization.

The suit also seeks to have

Kiernan reinstated in his former position.

The suit had been delayed until a similar suit in state courts had been settled. The Nebraska Supreme Court recently upheld a decision by the State Court of Industrial Relations that Kiernan's dismissal constituted a uniquely personal termination and not an industrial dispute.

Taste CROW LIGHT, the totally different whiskey that's so smooth we guarantee* it!

CROW LIGHT is the first entirely different whiskey to come along since Repeal Light Whiskey.

It is distilled and aged by processes all its own. It's not a Bourbon. And it's actually lighter than Scotch, smoother than Canadian.

CROW LIGHT is so smooth, in fact, that we dare to make this offer:

Buy any size bottle and sample it—mixed, or even straight. If you don't think it's absolutely the smoothest whiskey you ever tried, simply follow the instructions below, and

we'll refund every penny of your money!

Don't be fooled by CROW LIGHT's gentle manners, though. This is real whiskey all right. It's just that it may well be the most civilized whiskey ever made.

Try CROW LIGHT tonight. A clean break with the past.

Ask for Crow Light

*And once we refund your five pennies, your five cents, you'll have five CROW LIGHTS. So there will be five cents left over. Express Bill to Crow Distillers Company, 15th & B, Omaha, Neb. 68102. No cash refund. Cash refund of five cents. Please allow 10 days for delivery. Only one refund per person. You must use product in five days.

Farmers Plan More Spring-Sown Crops

An increase of 5% in Nebraska's spring-sown crops over last year's figures was indicated by farmers' and ranchers' intentions as of March 1, the State-Federal Division of Agricultural Statistics reported Thursday.

The combined acreage of the 10 crops surveyed is indicated at 14,157,000 acres, compared with 13,568,000 acres last year and 13,915,000 acres for 1971.

Corn, oats, white corn and soybeans show increased acreage while barley, sorghum and sugar beets show a decrease. Dry beans, hay and potatoes are expected to be equal to last year. Growers expect to plant 6,200,000 acres of corn in Nebraska, 9% more than last year's 5,680,000 acres planted, the bureau said.

Less Sorghum
Sorghum producers indicate they will plant 1,950,000 acres of sorghum, 2% less than last year's 1,997,000 acres, according to the bureau.

"Extremely poor harvesting conditions and high field losses have resulted in some shifting from sorghum to other crops," the ag statisticians revealed.

Soybean growers are planning a sharp increase — up 39% from last year. Acreage to be planted is indicated at 1,050,000, compared with 754,000 acres planted last year.

Other planting intentions include: 550,000 acres of oats, up 4%; 42,000 acres of barley, down 5%; dry beans, 100,000 acres, no change; sugar beets, plans not finalized but indications point to

88,000 acres, a 2% drop; hay acreage, equal to 1972; 7,509 acres of potatoes, unchanged.

Special Survey
The bureau conducted a special survey in early March due to the abnormal delays in harvest and the uncertainty of production in fields not yet harvested at the time of the regular acreage and production survey in early December.

As a result of the special survey, sorghum acreage harvested for grain was revised downward 26,000 acres and abandonment increased correspondingly, the

bureau said. This resulted in a change in the estimated 1972 grain sorghum production from 128,376,000 to 126,504,000 bushels.

Corn and soybean production remained unchanged from that estimated in early January.

Nationally, farmers intend to plant 7.2% more corn and 14.5% more soybeans this year, crops which figure heavily in Nixon administration strategy to cool off food prices, the Agriculture Department in Washington said Thursday.

Blue Valley Aid Agency Cut Off

By DEAN TERRILL
Southeast Nebraska Bureau
Fairbury — Blue Valley Community Action has received notice that it will be funded through October but then will be phased out along with the dismantling of the Office of Economic Opportunity.

But Jim Crisp, director of the four-county agency, said he anticipates that much of its antipoverty work will be perpetuated through a successor organization. He expects such a private nonprofit group to be incorporated within the next few months.

The Fairbury-based agency has served Jefferson, Thayer,

Fillmore and Saline Counties since 1966.

6 Months' Funds
Approved by the OEO regional office was \$100,900 in funding for the agency's next fiscal year, beginning May 1. Besides \$53,900 for six months' administration and general community programming, the total included \$47,000 for a full year's operation of senior citizen activities.

"I'm pleased that time has been given for an orderly phase-out and the arranging of possible alternate funding," said Crisp. "We intend to make use of it also by stressing public relations as we should have been doing all along."

The director said he envisions a new organization scaled down considerably from the present work force of 55. He hopes to accomplish the employee cutback "mostly by attrition."

Some Not Hit
The change is expected to have little effect on some programs. Head Start for example, which are funded through other departments. Blue Valley currently operates Head Start programs in Fairbury, Hebron, Exeter and Crete.

Crisp said he is especially anxious that local officials find ways of keeping open community centers. These currently are maintained in Fairbury, Deshler, Geneva and Crete.

Ann Henry Wins Close NU Contest

Ann Henry, a junior from Lincoln, has apparently been elected president of the student government organization at the University of Nebraska-Lincoln (ASUN) in the closest race in history.

Miss Henry tallied 1,058 votes to 1,051 for Bill Freudenburg, a junior from West Point, according to unofficial results supplied by ASUN Election Commissioner Bill Grundman. A recount is planned.

Balloting was held Wednesday to elect a president for ASUN for the coming year, first and second vice presidents, a state of ASUN Senators and members to college advisory boards.

Mark Hoeger, a sophomore from Hastings, was elected first vice president and Sue Overing, a freshman from Grand Island, was elected second vice president.

Seven proposed ASUN constitution amendments failed.

Modern Ills Look Worse 'Because Not Solved Yet'

By MILAN WALL
Star Staff Writer
Teachers attending the 52nd annual conference of the Nebraska State Education Association were told Thursday that modern problems seem worse than those of years past "only because we haven't solved them yet."

The speaker was John Furbay, director of cultural and educational programs for Trans World Airlines and a General Motors educational consultant.

Furbay said he urges young people today to be "true

revolutionaries" of the kind that "built this country on a revolutionary concept... that man could govern himself."

"There are two kinds of revolutionaries," he said. "True Revolutionaries... see problems, look into the environment for the situation and the knowledge to solve it and then make a blueprint to assure completing the revolutionary change," he said.

What he called the "phony revolutionaries" destroy the establishment, but have "no clue what to do after that," Furbay

told the opening session of the teachers convention.

Furbay said he hears about a lot of problems, such as "hippies," but he said he believes hippies have always been around.

Bum 'Better Word'
"In my day we called them bums," he said. "I'm not sure that isn't a better word."

As Furbay spoke in the Pershing Auditorium arena, hundreds of other teachers from the eastern half of the state viewed more than 100 exhibits in auditorium basement, where material and equipment companies, political displays and book salesmen vied to attract teacher attention.

The Lincoln convention is the site for the two-day convention of NSEA Districts I, II and III, while teachers from other parts of the state attended similar meetings in Kearney.

More than 7,000 educators are expected to attend the conference in the two days in Lincoln.

Furbay, whose address opened the conference, was followed at the platform by Roberta Hickman, an Illinois teacher who is a member of the National Education Association Executive Committee.

Furbay, a Yale University graduate, is a former university professor and once served as president of the College of West Africa in Liberia.

Friday is labeled "curriculum day" at the conference, and teachers will hear and see presentations on their academic specialties in sessions around the city.

NBC Board Elects New President

The board of directors of the National Bank of Commerce elected J. D. Schiermeyer president of the company effective April 10.

Glen Yaussi, former presi-

J.D. Schiermeyer

dent, was elected chairman of the board and Paul J. Amen was elected vice chairman of the board.

It was also announced that a proxy has been mailed to stockholders proposing the addition of two new directors, Leland Holdt, president of Security Mutual Life, Nebraska, Lincoln, and Schiermeyer.

Schiermeyer was president of the First National Bank and Trust Co. of Fremont, a post he resigned when elected president of NBC.

NBC owns the National Bank of Commerce and Mutual Savings Co., both of Lincoln. It has an affiliate relationship with Fremont First National Bank, Fremont First State Co., Kearney First National Co., Grand Island Overland Co., North Platte State Co., Lincoln Bank South and Lincoln Bank East.

6 Charged With Pushing Drugs

Southeast Nebraska Bureau
Fairbury — Climaxing nearly a year's investigation, Jefferson County authorities have filed charges of drug pushing against six young men for a series of 1972 violations.

Marijuana was involved in each instance of "unlawful sale of a controlled substance," with the exception of one purported sale of LSD. Felony charges were filed in each case.

Accused of selling LSD was John Lunn McCown of Beatrice, 24, currently serving a term in the Nebraska Penal Complex for a breaking and entering conviction in Gage County.

All Of Fairbury
The others charged, all of Fairbury, were Gary D. Brown, 19, Ricky L. Mitchell, 19, Chris Cassel, 23, Leshe Schwisow, 25, and Marvin B. Neuberger, 18.

Single counts were filed against McCown, Brown and Mitchell. Cassel, Schwisow and Neuberger were each booked on two counts.

Both the Jefferson County sheriff's office and Fairbury police department participated in the investigation, as well as the Nebraska State Patrol. Sheriff Clude Kellie noted that none of the defendants are students but "young working men."

Both he and Police Chief Ralph Thrap said the alleged sales did not stem from "an organized ring as such." But they added that the suspects are acquaintances and had some of the same contacts.

One Officer
"Much of the investigating was by one of our officers who even devoted many hours on his own time to the matter," said Thrap.

According to County Atty.

Ronald Bracke, the marijuana allegedly sold was neither harvested or processed locally. He said it appeared that at least some of the accused had contacts in "Gage, Lancaster and some other counties."

"There is definitely a lot of drug activity in this community, especially among young adults," he continued. "We're optimistic that the crackdown will stop much of it."

All the suspects were arrested except McCown, who already was imprisoned. Bond was set at \$2,500 for those facing single complaints, \$3,000 for those with a double charge.

Marquette Man Killed

Marquette (AP) — Lowell Pritchard, 29, of Marquette was killed Wednesday night when the southbound car he was driving struck a railroad pillar about three miles north of Marquette on Nebraska 14, according to the Hamilton County sheriff's office.

Officers said Pritchard was alone.

Cozad Man, 74, Killed By Fall

Cozad (AP) — A 74-year-old Cozad man died in a hospital Thursday of injuries suffered in a fall from scaffolding Wednesday. He was 74-year-old Milton H. Neff, a retired Lexington lumberman who moved to Cozad about three years ago.

Neff was working on a garage with his brother Raymond, of Lexington, when the scaffolding collapsed. Raymond Neff was transferred to a hospital in Kearney.

Across Nebraska

Beatrice Landmark Coming Down

Beatrice — A longtime Beatrice landmark, the Heppert mansion, is being torn down. The mansion was built in 1910 by the late Dr. H. M. Heppert Sr., and was used as both a private home and Lutheran Hospital and Good Samaritan Center facility. The center had offered the building to Beatrice as a historic site, but lack of financial support prevented the moving and preservation of the mansion.

Sandfort Chosen Outstanding Dairyman

Utica — Charles K. Sandfort of Humboldt was named recipient of the Mid-America Livestock Classic Award as the outstanding dairyman in 1972 at the annual meeting here of the Nebraska State Dairyman's Association. Sandfort operates a 61-cow Holstein herd — the top producing herd in Nebraska the past two years. The Classic Award is sponsored by the Omaha Chamber of Commerce agricultural committee.

Proposed Hospital District 'Null, Void'

Crawford (AP) — District Judge Robert Moran has ruled a proposed hospital district for the Crawford Community Memorial Hospital was "null and void," halting attempts to establish a district for tax purposes.

Increased Recreation Eyed

North Platte (AP) — Nebraska Public Power District representatives are meeting with residents of towns within the Sutherland reservoir area to discuss the possibilities of increased recreation on the north, west and east banks of the reservoir.

Omaha, Hastings Contractors Honored

San Francisco — Two Nebraska highway contractors received high national awards for construction safety during the 54th annual convention of the Associated General Contractors of America being held in San Francisco. Lyman-Richey Sand & Gravel Corporation of Omaha was awarded second place nationally for its five and 10-year records. Werner Construction Company of Hastings received second place for its five-year record.

122 Students Named To Doane Dean's List

Crete — Doane College has named 122 students to the Dean's List for high scholastic achievement during the fall term.

Dr. Anthony J. Catana Jr., vice president for academic affairs, said a full-time student must earn a scholastic average of 3.40 or more on a scale of 4.0 to earn the honor.

Nebraskans on the list:
Seniors — Bruce Christoph, Grand Island; Susan Schuch, Grand Island; Tim Gainer, Scottsbluff; Bert Harris, McCook; Robert Harris, McCook; James Hopkins, Norfolk; Brian Horst, Waverly; Beth Jenkins, Omaha; Patricia Jones, Omaha; Keith Karkner, Omaha; George Larson, York; Jack Laves, Omaha; Karen McPartland, Crete; Catherine Randall, Omaha; Michael Reid, 1024 Dale Drive, Lincoln; Charles Schneider, Cambridge; Mary Sims, 900 South 19th St., Lincoln; Christopher Thaler, Norfolk.

State Back To Normal In West

Travel conditions returned to normal or near normal Thursday in the far western areas of Nebraska hard hit by Wednesday's March snowstorm.

The State Department of Roads late Thursday reported all roads open.

Meanwhile, local authorities at Kimball said 19 persons stranded in the late-winter storm had been rescued by Thursday afternoon.

All had been stranded in automobiles or homes more than 24 hours, it was reported.

The community of Bushnell was still without water late Thursday.

Electrical power was gradually being restored to Kimball County, officials said.

Loss of livestock was expected to be extensive, according to the Kimball County Extension office.

NU's Band Man, Lentz, Is To Be Honored

Donald A. Lentz, the Band Man at the University of Nebraska-Lincoln for the past 35 years, will be honored at a reception Saturday in the Nebraska Union.

Professor Lentz, who is retiring July 1 as director of bands at NU, will be saluted by the Epsilon Omega Chapter of Kappa Kappa Psi, the national band fraternity.

The reception is being held at the close of the Nebraska Bandmasters Convention in Lincoln Friday and Saturday. It will begin at 5 p.m. in the Centennial Room.

Nationally Known
Lentz has had a long and distinguished career in music. During the past 35 years in his post as director of bands, he has influenced the lives and careers of thousands of students around the world. In addition, he has received national recognition as

Donald A. Lentz

a teacher, conductor, flutist, composer and author. A native of Brookings, S.D., he received B.A. and M.F.A. degrees in his home state and came to NU in 1937 after playing flute with the New York Symphony Orchestra, the Barrere Little Symphony and the Sousa Band. He studied extensively with such masters as Vladimir Bakaleinikoff, George Barrere, Albert Stoessel and Edgar Schenkman of the Juilliard School of Music, and Virgil Thomson, composer and critic.

Lentz is the composer of many works for flute, woodwind ensembles and band. He also is the author of study guides to several film strips, teaching materials and a book on clef transposition.

During 1957 and again in 1962 and 1968 he conducted research in the Far East on East Indian,

Chinese, Tibetan, Indonesian and Malayan tonal and rhythmic systems. He has received international recognition for his books on the Hindu tonal system, the Gamelan music of Java and Bali, and articles published in Oriental anthologies.

As director of bands and professor of wind instruments in

Lentz is noted for his efforts to bring college marching bands into the national spotlight. In 1940, he convinced the University that the Cornhusker Marching Band should follow the Huskers to the Rose Bowl. This activity was a major undertaking at that time.

The trip brought acclaim to the marching band from

newspapers across the nation and convinced other colleges that a new level of color and pageantry could be added to college football games. During that trip the Cornhusker Marching Band was proclaimed "the best college band in America."

Under his leadership, the Nebraska band program has maintained a high standard of excellence and has the respect of band directors and authorities across the nation. Today Lentz still receives many letters seeking his advice. These questions often go beyond music to organization of bands and logistics.

Today's college band is a large organization and its success often depends on questions of finances, transportation, publicity, and public relations. The success which Lentz has achieved has been demonstrated in concert tours, records, and numerous bowl game shows.

Footlights and Canvas

GRACIA SIEB CYNTHIA JOHNSON

It appears that an interesting and exceedingly active year is in store for the members of the Brownville Historical Society and the Brownville Fine Arts Association as well as for everyone else who enjoys visiting the historic Nebraska town and taking part in the many events that are held there.

In addition to such attractions as the Carson House, the Brownville Museum, the Carriage House Art Gallery, and river cruises on the Belle of Brownville, there will be many special events which will take place during the spring and summer months.

The season will get underway on Saturday, April 28, when Brownville will host a weaving seminar. During the month of May, a rather unique event, a muzzle loader contest, will take place in Brownville, and one day later, on May 27, the spring festival, flea market and concert will be held.

The June calendar is filled with activities. A Sweet Adeline Benefit Concert on June 3, a Wall Center program, June 10, a creative silversmith seminar, June 16, the Folklore Festival (which will include a performance by the Omaha Ballet, June 23-24, and the Brownville Invitational Art Exhibit, June 30.

A series of concerts is on the agenda for the month of July. The first will take place on July 1 in conjunction with the Brownville Invitational Awards, and additional concerts will be held July 8, July 22, and July 28 (the latter two to be presented by the members of the Summer Music Festival Faculty). On July 15, a Fine Arts Day, which will include crafts and art exhibits and registration for the Summer Music Festival will be held.

Concerts by the Music Festival faculty will also take place on Aug. 5 and 12, and from Aug. 12 to Aug. 18, Brownville will host a jazz workshop. The famous Old Fiddlers' Contest will be held on Aug. 25 and 26, and the final two events of the season will be the annual Tour of Homes, Sept. 16, and the Fall Festival, including a concert by the Omaha Symphony, on Oct. 14.

Incidentally, anyone who is interested in invited to become a member of the Brownville Historical Society and/or the Brownville Fine Arts Association. Membership fees are used to help

preserve and enhance the historical heritage of Brownville, and members benefit by receiving a quarterly bulletin containing news of events and programs, in addition to discounts on activities and some items in the Carriage House Gallery.

For further information, contact Mrs. Carl H. Rohman of Lincoln.

CONCERTS AT NEBRASKA WESLEYAN UNIVERSITY during the remainder of the month will include a benefit performance for the Lincoln Youth Symphony to be presented Tuesday evening, March 20, by three members of the NWU music faculty. Participants will include Morris Collier, violin; Dorothy Lewis, cello; and Cary Lewis, piano, and funds will be used to assist the Youth Symphony in their trip to Europe this summer. At 8 p.m. on Thursday, March 22, Dr. Robert Morrow, associate professor of music at NWU, will present a French horn recital in O'Donnell Auditorium. The Wesleyan University choir will present its Spring Concert on Sunday evening, March 25, in O'Donnell Auditorium. Director for the 8 p.m. concert will be Prof. John Lauber, and the program will include selected works by Mozart, Thompson, Brahms, Britten, Puccini, and Gershwin.

A FAMILY ART SHOW featuring works in a variety of media by Mrs. Wanda Ray Webster Ray, Bill Ray, and Jim Ray will be on display at Art World in the enclosed mall at Gateway throughout the month of March. Mrs. Ray has been involved in art for more than thirty years. Webster currently is a photographer for the Journal Star. Bill is a former photographer for Life magazine and Jim supervises the art department at the Lincoln Regional Center. Oils, acrylics, watercolors, and prints, in addition to several photographs taken by Bill for the cover of Life, are included in the show. Also on exhibit at Art World are a number of pieces of pottery done by Sally Heald and Marty Bush.

THE ANNUAL FIVE STATE REGIONAL SPRING SHOW will be sponsored again this year by the North Platte Valley Artists Guild. Entry forms for displays are now being accepted and information may be obtained by writing to the Guild, P.O. Box 1941, Scottsbluff, Neb. 68961.

ABBY: he is ill and needs psychiatrist

DEAR ABBY: I am so worried about my grandson who is 14. Tonight his mother telephoned me long distance in such a weakened state I could hardly understand her. Her 14-year-old son had stuck her and beaten her violently with his fists. In the past he has lied and stolen from her, but no amount of punishment helped. Tonight he all but my poor daughter in the hospital.

She has two children. The little girl is an angel, but this boy is I fear a mental case when angered. He is big and strong for his age and I am afraid one day he will seriously injure or kill some member of the family. Both children are adopted (different parents) could it be hereditary? Please tell me how I can help her? Her husband travels a great deal and she can not handle the boy.

HEARTSICK

DEAR HEARTSICK: Tell your daughter to get in touch with her Mental Health Association or the County Child Welfare Department, and arrange to have her son psychiatrically evaluated. Assure her that she would not be punishing the boy, she would be helping a desperately sick lad.

DEAR ABBY: I am a widow with a darling, affectionate little seven-year-old daughter. A very nice gentleman I met at work

asked to take me out for dinner and I was thrilled to pieces. When he came to pick me up my little girl hung on his neck and said, "Are you going to be my new daddy?"

The gentleman turned red in the face and said, "Well, we have to be going now. I could see he was embarrassed and upset, and even tho I enjoyed the evening

and he seemed to be he never asked me out again. What can I do to save the relationship?"

26-YEAR-OLD WIDOW

DEAR WIDOW: You could invite him to accompany you to something, but if he appears reluctant, don't press it. And if you don't want to scare off

future prospects, you'd better tell your little girl what not to say.

Problems? You'll feel better if you get it off your chest. For a personal reply, write to ABBY, Box No. 69700, L.A., Calif. 90069. Enclose stamped, self-addressed envelope, please.

Bridge: how would you play it?

1. You are declarer with the West hand at Six Diamonds and North leads the ace and another spade. How would you play the hand?

♠ Q
♥ 8 2

♣ AKQ64

N
W
E
S

♠ K54
♥ AQJ6
♦ Q92
♣ 853

trick two, you would very likely finish down one.

The best method of play is to ruff the second spade lead, draw trumps and play the A-K of clubs. If both opponents follow suit you have the rest of the tricks, but, if either opponent shows out on the second club lead, you still have a heart finesse or two to fall back on to save the day. Thus, you would make the slam by the suggested line of play if North held:

♠ A 10 9 8
♥ K 10 9 7
♦ 7 6 4 3
♣ 9

2. You are declarer with the West hand at Three Notrump and North leads the king of spades. How would you play the hand?

♠ AJ4
♥ A74
♦ KQ73
♣ A10 9

N
W
E
S

♠ 82
♥ 632
♦ AJ5
♣ QJ862

but would go down if you made the mistake of discarding a heart on the king of spades at trick two.

2. Win the spade with the ace, enter dummy with a diamond,

lead the queen of clubs and finesse. If the finesse loses, ten tricks become certain. If the finesse wins, repeat it. This method of play succeeds regardless of how the clubs are divided.

If you were to duck the king of spades — a play often made in similar circumstances — you would be courting disaster. Thus, suppose North shifted to the jack of hearts — on which South played the queen. You would then be in danger of defeat whether or not you took the queen, and could go down if North had the king of clubs.

You can guarantee the contract against every possible contingency by winning the opening spade lead. That is a good enough reason for taking the first trick.

SundayEvent Is Planned

The Lincoln Charter Chapter of the American Business Women's Association will hold its Hand of Friendship Enrollment Event Sunday, March 18, at the State Federal Savings & Loan, 4000 South 27th Street, Lincoln, according to Mrs. Dorothy Pettigrew, President.

This event is held semi-annually to introduce the organization and the local chapter to business women in this area. At the same time, similar events will be held across the country by more than 1,000 other ABWA chapters.

The chief function of ABWA is to help women in business advance through education, increased competence, and through upgrading of professional skills and business attitudes.

The Association founded in Kansas City, Missouri, in 1949, now has over 65,000 members. One of its worthy projects is giving scholarships to women students. Locally, chapters awarded over \$375,000 in scholarships from October 1, 1971, to September 30, 1972. During this period, an additional \$80,000 in scholarships was awarded from the National Scholarship Fund.

The Lincoln Charter Chapter has awarded local scholarships to eight worthy recipients since its inception.

The enrollment event will feature a program entitled "Spring Fling."

Welcome Nebraska State Educators to Lincoln. Do come to visit us Downtown 1230 'O' Street or Gateway.

a tour of the shops

"Variety is the spice of life," or so they say. And the forthcoming season will offer many opportunities for much variety in our lives.

So, on our tour of the shops this week, we looked for items which are perfect examples of activities which will be of interest in the months to come.

AT JEWELART

More and more Lincoln residents are finding themselves a part of the newly-revived handicraft trend — and one of the newest crafts is found at Jewelart, which has all of the necessary implements and accessories for creating original pieces of jewelry. The boutique, located at 211 No. 14th St., has been open merely a month and already has made quite a stir among men, women, and children who have developed an interest in making jewelry, whether for their personal use or for gifts.

PORCELAINS in all shapes and sizes have a thousand and one uses in the many settings found at Jewelart — for example, we were delighted with Gainsborough's Blue Boy in an attractive miniature easel, and Da Vinci's Mona Lisa in a gold mirror case. Other uses for the unique porcelains include serving as the focal point of brooches, pendants, chokers, and even rings — and all of those settings and many more are available in both gold and white gold.

CAMEOS also are offered at the boutique, and one of our favorites was in a tortoise stone. But then there are many other varieties, including designs which would make elegant men's cuff links.

THE VENETIAN MOSAICS are those multi-colored beads which also have hundreds of uses. Our favorite use for them, however, was placing the square lamp beads on wire pierced earrings. Other interesting beads available at Jewelart include the cylindrical African trading beads, and hand-carved ivory beads which are delicate additions to any piece of jewelry.

Of course, we found something for everyone — rhinestones, mother of pearl, pearls, agates, wooden beads, beads in a multitude of colors, as well as ring, cuff link, tie bar, and many other settings which make creating jewelry just a matter of a bit of imagination and a few moments' time.

FILIGREE EARRINGS are all the rage these days — and those found at Jewelart may be worn plain or may be decorated with a bead here and there.

CHAINS, CHAINS, AND MORE CHAINS will be seen in an ever-increasing quantity this spring and summer — and the jewelry boutique has many lengths and weights from which to choose. Many of the chains may be used as belts, bracelets, or pendants — and they are simply delightful when used with your favorite sign of the Zodiac, porcelain, charm, or any of the thousands of other interesting settings found at Jewelart.

AT RICHMAN GORDMAN

It is that time of year when everyone is literally aching to get outdoors for sun and fun, and although there is nothing that we can do about the weather, we can start preparing for those spring and summer days that lie ahead. In particular, we are thinking about the wardrobes of all those sports-minded people, and that is where the sportswear department at Richman Gorman can be of assistance.

TENNIS ENSEMBLES: For the ladies, Richman Gorman has two basic styles from which to choose — the tennis dress with nylon panties or the tennis shirt and short outfit. An outstanding feature of these items is that they are fashioned of a machine-washable, polyester knit.

One tennis dress buttons down the front and it displays a deep V-neckline. Two narrow bands of bright red and navy braid border the neckline and extend down the front of the dress, which is given additional style by a small patch pocket outlined by the matching trims.

A favorite trim of the tennis shirt and short ensembles is the sleeveless pullover top. One that we particularly liked is fashioned with a collar, above a V-neckline, and bordering both the collar and the V-neckline are inset panels in a textured, printed knit in two shades of blue. The tennis shorts are hip-hugging and comfortably fitting.

SWIMSUITS AND COVERUPS: From junior sizes to size 44, there is a variety of one- and two-piece swimsuits from which to choose at Richman Gorman, and they often are displayed with matching cover-up tops, dresses and skirts. These suits range in fabric from all-nylon to cotton seersucker and the fabric designs are equally versatile in design since they feature polka dots, floral prints, stripes and geometric patterns.

A wide seersucker stripe in a polyester-cotton blend fashions one two-piece suit of pastel pink, yellow, orange, gold and lavender. The ensemble consists of a halter top and bikini bottoms. The matching cover-up is a long, halter dress in the Empire mode. The low back features a lavender rickrack trim above the slightly gathered skirt.

A 100% nylon, one-piece suit colorfully displays a Hawaiian floral print on a lavender background. The suit features a low back, a halter neck and a deep V in the front. Completing the outfit is a matching long skirt with an elastic waistband.

Way Seems Clear For Anderson OK

The path appeared cleared Thursday for the legislative confirmation of State Institutions Director Jack Anderson.

Gov. J. James Exon assured members of the Committee on Committees that he would obtain a new medical services director if and when Dr. Anderson "feels overloaded" in his duties.

Anderson heads both the Department of Public Institutions and its medical services division. That dual responsibility has attracted concern from a number of committee members who sought Thursday's meeting with the governor.

Exon said he has found that "these two jobs can be conveniently wedded together," and that the system is "working very well."

But, the governor said, if it creates problems in the future, "I would not hesitate to put on an extra person."

The meeting appeared to clear the way for the committee to recommend legislative confirmation of Anderson's appointment as department director.

Eleven members of the confirmation unit met with the governor and Anderson in the Governor's Hearing Room to discuss their concerns.

90% Director
Exon said Anderson spends perhaps 90% of his working time fulfilling his duties as department director, and 10% as medical services director. He has delegated the administrative duties of the latter position to other personnel.

"I am very well satisfied," the governor said.

Anderson is "very open-minded," Exon said, and he is happy to "have a man with Dr. Anderson's (medical) qualifications who can answer directly to the governor on medical matters."

Both Anderson and the Exon administration are "strongly committed" to improved community programs in mental health and mental retardation, as well as alcoholism treatment, the governor told senators.

As for criticism of Anderson's philosophy on mental health and alcoholism programs, Exon suggested that "any time a man takes a stand, he is vulnerable to attack."

Asked by Committee Chairman Ramey Whitney of Chappell whether, in view of controversy over the appointment, he would still name Anderson to the department directorship today, Exon said he "certainly would."

Anderson assured Sen. Roland Luedtke of Lincoln that he will investigate any reports of possible drug overuse at state institutions.

And he told Sen. Wally Barnett of Lincoln he will look into the possible need for improved "follow-up" care and services for patients released from the Lincoln Regional Center.

"We have already doubled the staff and the budget at the Lincoln-Lancaster Mental Health Center to provide better and more comprehensive follow-up services," Anderson said.

Legislative Calendar

By The Associated Press
March 15, 1973
49th Legislative Day

Agriculture and Environment — Heard and held LB 149 and LB 484.

Schmit Stresses Need For 2nd Patrol Copter

The Legislature's Government, Military and Veterans Affairs Committee was told Thursday the 33 helicopters owned by the National Guard and the one helicopter owned by the State Patrol are not available to assist in law enforcement.

Before the committee was Bellwood Sen. Loran Schmit's LB 393, which would authorize the purchase of a helicopter for use by the State Patrol in law enforcement and drug control.

Schmit told the committee it would cost \$200,000 for purchase of a helicopter and the first year's maintenance.

The committee adjourned without taking any action on the bill.

"I know most of us are not concerned with the apprehension of those people involved in the harvest of marijuana, except that those who harvest marijuana can also be involved

Schools Seek Exclusion From Insurance Proposal

Spokesmen for the University of Nebraska, the state colleges and the technical community colleges Thursday asked the Legislature's Retirement Committee to exclude their employees from a uniform group life and health insurance plan for all state employees.

Dr. Anne Campbell, NU director of Public Affairs speaking for the three systems, told the committee that each system is now budgeted for its own insurance plan. She added that there is a constitutional question involved as to whether their employees can be put under the plan.

The bill, LB 516, would eliminate all the various insurance programs now provided

by some state agencies and would institute a single state insurance plan.

LB 516 provides that the state would pay the entire premium cost of a \$5,000 basic life insurance plan for each of the 25,000 state employees. All remaining funds appropriated for insurance would be contributed to a group health insurance program. Part of the health policy's cost would be borne by the employee.

The cost of including any dependents in either the group life or health plan would have to be borne by the employee. All special coverages, such as loss of income and major medical disability, would also have to be paid for by the employee.

John Humpal of Nebraska Blue Cross recommended that amendments be made directing the State Insurance Department to draw the specifications for the group policy and to separate life premiums from health premiums to insure that one would not be paying for the other's losses.

No action was taken on LB 516 or LB 423 which would raise the University of Nebraska's contribution to employees' retirement plans from 6 1/2 to 9 1/2 of the employees' salaries. LB 423 would also require consent from the Board of Regents before the State investment officer could make any changes in the types of investments the funds are used for. Similar provisions were included for the state colleges and board of technical community colleges.

Crete Bids For Interstate 80 Tie

By The Associated Press
Crete community interests gave strong support at a public hearing Thursday to a bill designed to provide the city with a state highway link with Interstate 80.

Sought via LB398 is addition to the state highway system of a gravel road running north from the Crete area to Pleasant Dale, from which point a hard surfaced link to the Pleasant Dale interchange on Interstate 80 is available.

The bill was sponsored by Sen. Richard Maresh of Milligan. Similar measures have been before previous legislatures and Crete interests also have sought through the Roads Department and State Highway Commission to realize the objective.

LB398 makes no mention of Crete, but provides that "a 20% increase in the population of a city of the second class as shown in the most recent federal decennial census shall require that the Department of Roads include as part of the state highway system all access routes from such city to the national system of interstate and defense highways."

The bill is written also to apply only to such cities which have an industrial center and which are located within 15 miles of the interstate.

The effect of the limitations is to make it apply only to Crete. Three other bills were heard but action on them was deferred.

Committee Advances Presiding Officer Bill

The Legislature's Constitutional Revision and Recreation Committee sent to the floor Thursday a bill proposing a constitutional amendment providing that the lieutenant governor shall no longer be the presiding officer over the Legislature.

The 6-1 endorsement of West Point Sen. W. H. Hasebroock's LB389 followed a public hearing at which Hasebroock offered the only testimony.

Acting on two other constitutional amendment bills heard previously, the committee:

—Killed 4-2 Hastings Sen. Richard Marvel's LB323, proposing student membership on the University of Nebraska Board of Regents.

—Killed 4-3 Neligh Sen. John De Camp's LB289, proposing to create a citizens salary control committee to set the salaries of legislators.

The lieutenant governor bill.

Legislative Bills Passed

By The Associated Press
Bills passed on final reading in the Legislature Thursday: (E—emergency clause)

LB102 — Provides for care and education of all multi-handicapped children at state expense. Savage, E. 45-0.

LB112 — Prohibits discrimination in access to public accommodations and vests certain enforcement authority in the equal opportunity commission. Marsh, 26-15.

LB112A — Appropriates \$11,683 to carry out the provisions of LB112. 25-18.

LB167 — Revises law relating to securities, to define issuer-dealers and to regulate them. Carpenter, 42-9.

LB273 — Permits tenants of a housing authority to serve as commissioners of the housing authority. Interim housing study committee, 38-2.

LB389, will need 40 approving votes in the Legislature to win a place on the May primary ballot for the proposed amendment. Without the four-fifths approval but with at least 30 approving votes, the amendment will go on the November general election ballot.

Hasebroock told the committee that because Nebraska henceforth will be electing its governor and lieutenant governor as a team rather than separately, the lieutenant governor's position as a representative of the executive branch should be divorced from the legislative process.

Lottery Bill Advancement Urged

By The Associated Press
The Legislature's Miscellaneous Subjects Committee Thursday was urged to take a chance and offer the full Legislature the opportunity to vote on a bill creating a state-run lottery.

The proposal is contained in Neligh Sen. John De Camp's LB288, but the committee delayed any action on the measure until a later date.

De Camp estimated a lottery would bring in at least \$8 million profit annually in Nebraska and possibly as much as \$15 million. Those figures represent the profits while the entire lottery might gross \$25 million per year he said.

A similar proposal by DeCamp last year was killed by a legislative committee.

Opposition to the bill came only from the State Farm

Bills Introduced

By The Associated Press
Bills introduced in the Legislature Thursday:

LB335 (Agriculture Committee) — Permits licensing and inspection of livestock markets.

LB336 (Appropriations Committee) — Provides for licensing and inspection of nursing and intermediate care facilities.

CU Dean Resigns

Boulder, Colo. (AP) — Don W. Sears, 51, dean of the University of Colorado School of Law, has announced he will resign by June 1, 1974.

Bureau and the Nebraska Association for Christian Action, with both groups contending a lottery would be immoral. Also held for later action was LB155, Lincoln Sen. Roland Luedtke's proposal to outlaw

liquor price "discounts" to wholesale distributors. Representing the Nebraska Liquor Wholesalers Association, James Ryan of Lincoln contended LB155 would create "chaos."

1972 Ratification Of ERA Is Withdrawn

By DON WALTON
Star Staff Writer

Despite doubts that it can legally do so, the Legislature Thursday withdrew its 1972 ratification of the equal rights amendment to the U.S. Constitution.

Lawmakers voted 30-18 to wipe out the earlier ratification.

The final official tally moved to 31-17 when Sen. John DeCamp of Neligh changed his vote to aye in order to be in position later to seek reconsideration of the issue.

Withdrawal of the ratification came in the form of Resolution 9, chiefly sponsored by Sen. Richard Proud of Omaha.

Kill Motion
Its adoption followed 18-29 rejection of Sen. Harold Simpson's motion to kill the resolution.

The 1972 Legislature ratified the equal rights amendment (ERA) on a 43-0 vote last March 29. The resolution was signed at that time by all 49 senators, most of whom are still members of the Unicameral.

Previous court precedent indicates that a state cannot undo ratification of an amendment to the U.S. Constitution, a factor which Simpson stressed in his bid to kill Proud's proposal.

If Thursday's action is legal, however, it may have wiped out chances for national ratification.

Anti-Discrimination Measure Approved

LINCOLN, Neb. (AP) — A bill designed to put some teeth into Nebraska's anti-discrimination laws was narrowly passed by the Legislature Thursday and sent to Gov. J. J. Exon.

The controversial bill, LB112, would ban discrimination in places of public accommodation such as restaurants or hotels, and would give the state Equal Opportunity Commission (EOC) authority to enforce the bans.

Exon has not said whether he intends to sign the bill.

The bill passed 26-15 on final reading, two more votes than required, and a companion funding measure, LB112A, which appropriates \$11,683 to the EOC to carry out the job was passed by only 25-18.

LB112 is sponsored by Sen. Shirley Marsh of Lincoln and was originally killed by the La-

bor Committee. Lawmakers last month overrode the committee and raised the bill to the floor where it underwent several verbal attacks, with opponents contending protection is already guaranteed by federal civil rights legislation.

However, supporters said the measure is needed to give enforcement power to the state, rather than the courts.

During consideration of LB112 had seldom mustered more than the minimum number of votes necessary for advancement through floor procedures. Originally, the bill would have permitted complaints to be filed with the EOC 90 days after the alleged discriminatory act occurred, but it was changed to require such filings within 10 days.

Proud contended that ERA "does not benefit women," but instead takes away "advantages, which they now enjoy."

"All laws protective of women would be wiped out," he insisted. "this would only visit upon women more obligations."

Equal Responsibility
Equal rights "means equal responsibilities," he said, including subjection to the military draft.

Only "women's libbers" want the amendment, Proud declared.

Simpson said the resolution was "of questionable legality" in view of court precedents.

ERA is needed "to reaffirm that people are equal and should be treated as such," he con-

tended. "We have a long way to go on equal pay for equal work," he suggested.

Proud said ERA would "do nothing about equal pay," which, he said, is already guaranteed under civil rights and equal opportunities statutes.

Brief Debate
Thursday's vote came after a brief debate when Proud unexpectedly raised the issue from far down on the legislative floor calendar for immediate consideration.

Sen. Ralph Kelly of Grand Island objected to the manner in which the resolution was considered with adoption on a single

vote after suspension of legislative rules.

Legislative leaders "should be severely criticized" for that method of operation, Kelly said. After the final vote, Simpson said the Legislature had also violated its own rules in adopting a correctional amendment to the resolution after further debate had been foreclosed by a motion to halt discussion.

Here is the roll call vote on adoption of LR9:

For: Burbach, Carpenter, C. Carsten, F. Carstens, Clark, Dickinson, Epke, Goodrich, Hasselbrock, Johnson, Kennedy, Keyes, Kime, Kremer, Mahoney, Marsh, Murphy, Nore, Proud, Rasmussen, Richmond, Savage, Schmitt, Skarda, Snyder, Stromer, Stull, Syas, Whitney, Wilse
Against: Anderson, Barnett, Cavanaugh, Chambers, DeCamp, Duis,

Fellman, Fowler, Kelly, F. Lewis, son Stahmer, Waldron, Warner, Luedtke, Marsh, Marvel, Moylan, Sims, Absent: R. Lewis

Resolution Seeks Ban On Busing

LINCOLN, Neb. (AP) — The Nebraska Legislature Thursday was given a chance to ask Congress to call a constitutional convention and adopt a constitutional amendment which would prohibit busing of school children.

The request was made by Sen. Terry Carpenter of Scottsbluff as he sponsored Resolution 19, which will be sent to a standing committee for a public hearing.

Carpenter's proposed constitutional amendment would say "No student shall be assigned nor compelled to attend any particular public school on account of race, religion, color or national origin."

Carpenter said the proposal was aimed at preventing "forced busing" to achieve racial integration in schools.

Carpenter said "six or seven" other states have made the same petition to Congress.

The convention would be called by Congress if at least 33 states request it.

There was no debate Thursday on Carpenter's resolution.

Container Deposit Bill Axed

LINCOLN, Neb. (AP) — Two bills designed to alleviate environmental problems posed by throwaway pop bottles and beer cans were killed Thursday on a 6-1 vote of the Legislature's Miscellaneous Subjects Committee.

Taxed were Milligan Sen. Richard Maresh's LB53, which would have required retailers to collect a five-cent deposit on any beer or soft drink container, and Lincoln Sen. Steve Fowler's LB419, providing a refund value of not less than five cents on a nonreusable beverage container, and not less than two cents on reusable containers.

The demise of the bills occurred at an executive session of the Miscellaneous Subjects Committee, called by Chairman Sen. J. James Waldron of Callaway to act on measures previously given public hearing.

The committee adopted a major amendment to a pending LB78, Sidney Sen. Robert Clark's bill adopting for Nebraska gas utility act. The bill originally called for the regulation of natural gas utilities by the Oil and Gas Commission, but the committee accepted an amendment placing the regulation in the Public Service Commission. Motions to send the amended bill to the floor, and to kill it, each fell one vote short of approval and the bill remains in committee.

Two bills related to the liquor business, Scottsbluff Sen. Terry Carpenter's LB111 and Sen. Waldron's LB366, were sent to the floor after being amended.

A unique feature of amendments offered by Carpenter to LB111, and accepted by the committee, is the licensing at a \$5 fee of liquor dispensers—bar-tenders, liquor store clerks and so forth.

The amended LB111 also increases the salary of state liquor control commissioners from \$10,500 to \$12,500 a year, and provides five more fieldmen and other staff help to the commission.

One effect of LB366 is to permit selling of liquor on election days, now prohibited.

The committee rewrote and sent to the floor Omaha Sen. Duke Snyder's LB131, which would have repealed the law providing state payment to counties for incarceration of Indian prisoners. In amended form, the bill retains state payments but eliminates some references to Indians.

Legislature Kills Park Fees Bill

The legislature Thursday swiftly killed a bill which would have established a permit fee system for parks and recreation areas operated by the State Game and Parks Commission.

The bill, LB255, was killed on a 21-16 vote on general file.

There was no debate on the bill Thursday and the vote was taken on a kill motion offered a day earlier by Sen. Terry Carpenter of Scottsbluff. The vote was taken at Carpenter's request.

Education Aid For Handicapped Approved Again

LINCOLN, Neb. (AP) — The Legislature Thursday again passed and sent to Gov. J. J. Exon a bill to require the state to pay education costs of multi-handicapped children.

The bill, LB102, received 45-0 approval on final reading.

It had been passed two weeks ago but was sent back by Exon with a suggestion for a change in language. That change was made and the measure was again approved.

Tenants Bill Passed

LINCOLN, Neb. (AP) — A bill to permit housing authority tenants to serve on the authority governing boards was passed 38-2 on final reading by the Legislature Thursday and sent to Gov. J. J. Exon for signature.

The bill, LB273, was sponsored by an interim study committee.

Novaks Sertoma Regulars

Tom and Bonnie Novak because of the accomplishments of sons Tom and Terry and daughter Laurie have been fed free meals by the Lincoln Sertoma Club so often in the past few years that the Lincoln civic club probably could get by with using them as income tax dependents.

When Terry was among the high school basketball players honored Thursday at the annual Sertoma Basketball Awards Luncheon, it was the fifth straight year that the Novaks have eaten a meal on the Sertomans and in some of those years there was more than one meal.

It started five years ago when young Tom was honored for his basketball ability. The following year, he was an honoree in both football and basketball.

The past two years, Terry has been honored at the basketball luncheon.

Three years ago when neither of the boys were eligible with Tom a freshman at Nebraska and Terry a freshman at Lincoln Northeast, Laurie stepped in and got Mom and Pop a free meal as one of the honorees at the Sertoma Club's Scholarship Awards Luncheon.

Three of those honored Thursday for their basketball abilities are sons of former Nebraska football greats. In addition to Terry Novak, there was Rick Samuelson, son of Carl Samuelson, and Rick Reynolds, son of Bobby Reynolds.

Check The Sports Page, Les

The press is often maligned and sometimes rightfully so, but hearing Les Chamberlin's spiel about the only things you ever read in the newspapers these days about our youth are the bad things is getting a bit old.

The executive director of the Nebraska School Activities Association has the speech so well rehearsed that he didn't even have to look at his cuffnotes when giving it again Thursday at the Sertoma luncheon.

Oh well, maybe some day Les will discover the sports pages of the newspaper where almost every day there's at least an inch or two devoted to the good side of today's youth.

If you're still interested in picture tube basketball watching Sunday after a weekend of NCAA, NIT and Iowa State High School Tournament viewing, ABC-TV has added Sunday's Kansas City-Omaha Kings-Boston Celtics game to its schedule. You can see it at 1 p.m. on Omaha KETV, Channel 7.

Speaking of sports on TV, Both Omaha KMTV, Channel 3, and Lincoln-Grand Island KOLN-KGIN-TV, Channels 10 and 11, are part of the Kansas City Royals TV baseball network for the coming season.

The first of the 28-game schedule will be a March 31 exhibition game with the St. Louis Cardinals and the season opener at California on April 6 will be presented.

KANSAS STATE ADVANCES

Wildcats Trim SW Louisiana

... KSU WINS, 66-63

Houston (AP) — Ninth-ranked Kansas State used an effective slow-down game and the outside shooting of Ernie Kushner and Lon Kruger to defeat seventh-ranked Southwestern Louisiana 66-63 in the opening game Thursday night of the National Collegiate Athletic Association Midwest Regional basketball tourney.

Kansas State, the Big Eight conference champion, stormed to a 22-8 lead over the surprised USL Ragin' Cajuns to start the game but had to revert to a slow-down passing game in the final 15 minutes to pull off the upset.

USL cut Kansas' 38-26 half-time lead to one point with 4:19 left in the game. But the Wildcats, with excellent free-throw shooting by Bob Chipman and Krueger, held off the charging Cajuns in the final minutes.

Krueger, who led the Big Eight in field goal percentages, finished with 16 points and Kushner had 15.

Steve Mitchell, a 6-foot-10 senior, fouled out with 10 minutes to play but contributed to the victory by scoring six of K-State's first 10 points in their first-half surge. Kushner and Krueger took over where Mitchell left off, shooting over USL's 1-3-1 zone in the first half.

Roy Ebron, USL's star center, was sluggish in the first half, scoring only one point. He came alive in the second half and finished with 16 while high-scoring Dwight Lamar had 18, including 10 in the first half.

Kansas State Coach Jack Hartman said his team "played an excellent first half."

"In the second half Southwestern Louisiana grabbed the momentum and we just sort of hung on. It wasn't very pretty but we're tickled to win," Hartman said.

USL Coach Beryl Shipley also spoke of momentum. "We just never could get any momentum going," he said. "We didn't play a good game, but Kansas State had something to do with that."

Both coaches said a back court violation call against USL with 31 seconds left and the Cajuns trailing 63-65 was a key play. However, Hartman said Jerry Thurston's free throw in the final minutes also was a big play.

Lifting Meet Slated

Nebraska's Weight Lifting Club will host the Midwestern Olympic Lifting championships and the Mr. Midwest Physique contest Saturday at 9:30 a.m. at the Men's Physical Education Building.

"Thurston is a freshman who made a big free throw," Hartman said.

Shipley said he didn't think the slow down game played by Kansas State hurt his team.

"Kansas State just did a good job on us," he said. "They were patient and handled the ball well."

Hartman said he was surprised that USL went into their man-to-man defense early in the first half.

"We were mentally better prepared for their zone," he said. "We didn't look very good against their man-to-man defense."

Although USL considered it a slow down type game, Hartman said it was about average for the Wildcats. "We had 38 points in the first half and that's about average," he said.

Hartman was high on his praise of Dwight Lamar, USL's star shooter who was held to 18 points, below his 29 point average.

"I think we did a good job on Lamar, but every time we left him open for a shot, he made it," Hartman said.

Shipley said the Cajuns did not suffer any let down after their big victory over Houston.

Big 10 Champs Stop Marquette

Nashville, Tenn. (AP) — Sixth-ranked Indiana, sparked by workhorse Steve Downing and some clutch shooting by John Ritter, defeated No. 5 Marquette 75-69 Thursday and advanced to the finals of the NCAA Midwest Regional Basketball Tournament.

Downing poured in 29 points as the Hoosiers rallied from a 10-point deficit with 14:25 left in the game.

The Big Ten titlists, now 20-5, then outscored Marquette 16-4 in the next seven minutes and took their first lead at 59-57 with 7:28 left on Ritter's 10-foot jump shot from the left side.

Parseghian Suggests Physical Ability Tests

HOUSTON (AP) — Notre Dame football Coach Ara Parseghian said Thursday college coaches should be allowed to test prospective high school athletes before giving them scholarships just as academic scholarships are offered.

"You never saw an academic scholarship offered without some sort of examination," Parseghian said. "You get a musician and you want to see how he plays, first. But the football coach just has to look at the athlete and say 'well, he looks all right'."

Parseghian, who will bring the Fighting Irish here next fall for a game with Rice, said the NCAA should approve some kind of non-contact test of physical ability to help weed out interior athletes.

"It could be done when the athlete comes to visit the campus and it could be policed," said Parseghian. "Or there could be a date set for each section of the country where athletes interested in college scholarships could take the tests of speed and

agility.

"If the athlete isn't going to be able to make it, why not tell him about it before he signs for a scholarship. He could go to a smaller school and be a big fish in a small pond," said Parseghian, here to address a Notre Dame alumni group.

Parseghian said such a screening would allow college coaches a chance to be more selective in offering scholarships, thereby cutting costs.

"I've got to reach a decision with my own son," Parseghian said. "He's graduating from high school and wants to go to Notre Dame. He was a good high school player and he's a good student."

"But I told him his chances of ever playing at Notre Dame are slim. He's better off going to a smaller college."

Parseghian said there may be a reluctance for such tests because there are some coaches who would abuse it. "There are some coaches who aren't as honest as you'd like for them to be," he said.

But there are dishonest doctors and lawyers too. I think it could be policed to the benefit of everyone."

Denver Earns Hockey Victory

Boston (UPI) — Pioneer winger Pete McNab scored a three-goal hat trick and assisted on three other goals as the University of Denver crushed the Boston College Eagles, 10-4, Thursday night in the opening round of the NCAA hockey tourney.

The Pioneers will go on to Saturday night's final game against either the winner of Friday's game between the University of Wisconsin and Cornell.

Center Ed Hays scored two goals for Denver and five other Pioneers added single goals to round out the scoring against the hapless Eagles.

Fieldhouse Bill Change Possible

By United Press International
Sen. Terry Carpenter of Scottsbluff said Thursday he has found a way to literally "raise the roof" on the proposed University of Nebraska fieldhouse.

Carpenter made the comment during a public hearing before the legislature's miscellaneous subjects committee on LB510.

The bill, as originally drafted would lapse interest from the fieldhouse fund into the state general fund.

But Carpenter offered an amendment to the bill which would allow the interest to remain in the fund to pay for certain modifications to the facility.

During the current session of the legislature, Carpenter has complained about the fieldhouse. He said the final plans don't come near the ones originally contemplated by fieldhouse supporters.

By allowing the interest to remain in the fund, the lawmaker said about \$1.5 million could be realized. That money, he said, could then be used to "refine the building" to more closely conform to original expectations.

"We can raise the roof and expand the swimming pool with this money," he told the committee.

In response to a question, Carpenter also said it wasn't too late to make the modifications.

The committee took no action on the proposal.

Providence Tips Penn, 87-65

Charlotte, N.C. (AP) — Marvin Barnes poured in 20 points and Ernie DiGregorio and Nehru Long 18 each to lead Providence to an 87-65 rout of Penn Thursday night in the opening game of the NCAA Eastern Regional basketball tournament.

Providence fourth-ranked nationally, ran its winning streak to 16 and over-all record to 26-2 against a Penn team that shot only 27 per cent in the first half to 60 per cent for the Friars, who led at the half 36-29.

Seventh-Grade Enthusiasm Nets Siegel Third All-State Honor

By Randy York
Prep Sports Writer

Bob Siegel, according to Fairbury basketball coach Charles Moore, "is still like a seventh or eighth grader getting to play his first game."

"That's how much he likes to play," says Moore. "In four years, he's missed one practice. And that's because he left early to go to Colorado."

Siegel is one of those rare individuals who gives "100 per cent" all the time whether he's shooting a free throw in practice or playing for the state championship," according to Moore.

It's no small wonder, after Siegel's senior season, that he's the honorary captain for the 1973 Lincoln Journal and Star Class B All-State Basketball Team.

It's his third consecutive all-state honor from the Journal and Star. The 17-year-old senior, with what Moore called seventh-grade enthusiasm, leads a "dream team" of outstanding collegiate prospects.

Randy Wenz and Tim Edwards, the thrust behind Crete's two-year Class B power play, are the all-state guards. Wenz, 6-4 and usually a center-forward, was designated a guard because of his ability to handle the ball and operate from the outside.

And because Cozad's 6-4 Kert McKeone and Sidney's 6-6 Rick

Tim Edwards
Crete

Rick Seidel
Sidney

Kert McKeone
Cozad

Bob Siegel
Fairbury

Randy Wenz
Crete

Seidel join Siegel in what some believe ranks as the best Class B honorary front line ever.

Siegel, however, reigns supreme. He's been the chief architect behind two Fairbury state championships and three state tournament appearances in the last four years.

During his four-year stay, Fairbury won 89 of 98 games. Siegel, who played in 97 of them, scored 2,337 points for a remarkable 24.1 average every time he stepped onto the court.

The effort qualifies Siegel as the second top scorer in Nebraska prep basketball history. The leader, with 2,748 career points, is Aurora basketball coach Bill Holliday, who prepped at Class D Wilsonville.

This past season, Siegel scored 706 points in Fairbury's 25-2 season for a 26.1 average. He hit

301 of 516 field goal attempts (60 per cent) and 103 of 143 free throws (72 per cent). He also collected 423 rebounds (161 offensive and 262 defensive) for a 16 per game average.

"He's improved in every phase of the game all four years," coach Moore says of his prize pupil, who scored 499 points as a freshman, 501 as a sophomore and 632 as a junior before this season's 705 total.

Moore also points out that Siegel's field goal percentage, year-to-year, was 49.7, 51.4, 52.6 and 60. His free throw accuracy climbed from 57 per cent as a freshman to 59, 63 and 72. And his rebounding figures increased from 27.2 as a freshman to 27.5, 38.0 and 42.3.

Siegel had an individual game high of 40 points against Plattsmouth this season. He also

hit 35 points against powerful Holdrege and 34 points twice against another power, Seward.

Seidel, however, had the top individual game of 51 points against Gordon and was the leading scorer in this year's state basketball tournament with 80 points.

"He does it all, even defensively," Sidney coach Jack Stewart says of Seidel, who apparently will be shooting from the corners of the Coliseum next season as a University of Nebraska freshman.

Seidel scored 693 points this season for a 27.7 average. His deadly outside-inside shooting clicked with 59 per cent efficiency. He was also a 74 per cent free throw shooter and contributed 11 rebounds a game.

As a sophomore, Seidel scored 325 points for 15-point average.

As a junior, he scored 554 for a 26.4 average. His career point total was 1,582.

Siegel and Seidel may be the scoring champions, but Wenz, Edwards and McKeone are also well known for prolific point-making.

Wenz averaged 25 points and hit 51 per cent from the field this season for second-ranked Crete. He also contributed 10 rebounds a game and scored 1,152 points in two varsity seasons.

"He's an excellent outside shooter," Crete coach Walt Harris notes of his highest-scoring all-stater. "I certainly feel that Randy is one of the very best in the state. He and Tim are exciting players to watch and excellent to work with."

Edwards, a sub-1:57 half-miler in track as a junior, uses his speed effectively on the basket-

ball court.

He's a very dedicated athlete," Harris says of Edwards, who hit 47 per cent from the field and averaged 19.5 points and six rebounds per contest at guard.

"His desire contributed a great deal to our success," adds Harris, whose last two clubs won 41 of 47 games. "Tim and Randy were also strong assets to our pressure defense."

Edwards finished with 843 points in two varsity seasons. He was an all-Class B state tournament selection as a junior.

McKeone, the top candidate for the Most Valuable Player in the rugged Southwest Conference, led Cozad to a 17-2 season.

He scored 421 points for a 22.1 average and added 284 rebounds

for a 15 per game average. His most impressive statistic, however, is a 68 per cent field goal shooting mark (163-241). He hit 95 of 125 free throws for a 75.4 mark.

Minden's 6-9 Blake Butler and Chadron's 6-5 Kevin Moore led the second team selections. Moore hit 49 per cent of his shots this season and averaged 25 points and 12.5 rebounds. He finished with a four-year career total of 1,826 points.

Kimball's Dave Lancaster, another Western Nebraska sharpshooter, averaged 19 points and 16 rebounds. In a 56-51 Kimball loss to Sidney, he scored 15 points and had 15 rebounds in a head-to-head matchup with Seidel.

Bob Sundvold, Seward's leading scorer with a 14-point average and Plattsmouth's quick Dan Gradoville, are the second team guards.

Class B All-State Selections

Pos., Name, School	Ht.	Yr.
G Tim Edwards, Crete	6-2	12
G Randy Wenz, Crete	6-4	12
C Bob Siegel, Fairbury	6-5	12
F Kert McKeone, Cozad	6-4	12
F Rick Seidel, Sidney	6-6	12

Second Team

Reds Edge Pittsburgh With Concepcion Blast

By The Associated Press

The Cincinnati Reds and Pittsburgh Pirates who took their National League pennant playoff down to the last inning of the final game last October went down to the wire again in spring training Thursday with the same result.

Dave Concepcion's ninth-inning home run capped a wild baseball game and gave the Reds a 12-11 triumph over the Pirates as the two teams tugged out 34

base hits of assorted sizes, including live home runs.

Manny Sanguillen, Gene Alley and Dave Cash connected for the Pirates while Joel Youngblood also homered for the Reds, who erased a 9-2 deficit and tagged Pittsburgh starter Dock Ellis for eight hits and six runs in four innings.

The Reds split their squad and the other group didn't fare as well. A six-run sixth inning, highlighted by pitcher Bart Johnson's two-run double, carried the Chicago White Sox to an 11-3 romp.

In other wild goings-on the Houston Astros parlayed 15 hits and six Philadelphia errors into an 11-7 victory over the Phillies. Lee May, Cesar Cedeno and Bob Watson all homered off Philly starter Ken Brett.

The Detroit Tigers teed off on Boston rookie Craig Skok for eight runs in the third inning—including a grand slam home run by Willie Horton and a solo shot by Tony Taylor and trimmed the Red Sox 9-3.

Cleon Jones slugged a three-run homer and Don Hahn homered for the decisive run in the ninth inning as the New York

Mets edged the Los Angeles Dodgers 6-5.

Dick Bosman and Mike Paul blanked Baltimore for eight innings and Elliott Maddox homered off Mike Cuellar as the Texas Rangers turned back the Orioles 4-1.

Bobby Floyd's two-run single in the 11th inning gave the Kansas City Royals a 5-3 triumph over the St. Louis Cardinals. Rookie Charlie Spikes belted two home runs and Oscar Gamble hit one to power the Cleveland Indians over the Chicago Cubs 5-4.

Syracuse Falls To Terps, 91-75

Charlotte, N.C. (AP) — Maryland staggered Syracuse with 12 straight points early in the second half and went on to win 91-75 Thursday night in the finals of the National Collegiate Athletic Association East Regional basketball tournament.

Maryland, eighth ranked nationally and now 23-6, was led by Jim O'Brien's 22 points and 21 by freshman John Lucas.

The Terps surrendered an early lead as Syracuse scored 10 straight points, six by Dennis DuVal, who wound up with 22. Nine lead changes followed before Maryland closed the half on top, 35-34 on Darrell Brown's basket with four seconds left.

Turkey Permit Deadline Soon

Birds, rather than fish, seem to be providing most of the interest and activity across the state recently. The Game and Parks Commission reminds hunters that applications for spring turkey permits must be received at the Lincoln headquarters by Monday to be included in the drawing on March 23.

Only a few permits remained in three units as of Friday, and all units are expected to be included in the drawing since more applications than permits are being counted.

Migrating waterfowl and cranes are also attracting considerable attention because of sheer numbers. Bad weather recently has kept the ducks and geese on the ground much of the time but they still offer good viewing opportunity, especially along the Missouri and Platte rivers. On the fishing scene, conservation officers in the field report the following:

PANHANDLE

Good populations of migrating rainbow trout have been taken on trout eggs, minnows, worms, and artificials in several streams, including Nine Mile, Red Willow, Winter, Tub Springs, Spotted Tail and Sheep creeks. The trout have been averaging 3 pounds. In Otter Creek, 3 to 5 pound trout are being taken on trout eggs. Catfish from 2 to 3 pounds, with occasional 8 pounders are hitting shad at the upper end of Lake McConaughy, mostly from the bank. Island Lake at the Crescent Lake Refuge continues good for northern pike from 3 to 5 pounds using beet and liver. West Kimball Lake is also producing 2 to 3 pound rainbows on trout and salmon eggs. Brown trout averaging 10 inches are taking worms and small spinners in Pine Creek and White Clay creek, and 12-inch rainbows are hitting minnows and spinners in the upper Niobrara and White River.

SOUTHWEST

Walleye of various sizes are being taken with minnows at Medicine Creek Reservoir, but poor interior roads at most regions limit access. Catfish up to 8 pounds are still dependable in some waters including Swan and Enders reservoirs.

SAND HILLS

With ice now gone off most lakes, including Merritt Reservoir, fishing activity is expected to pick up. The best success yet is on rainbow trout off the dam at Merritt with trout eggs

Thomas Leaves Sooners' Team Archibald Captures Honor

GREENVILLE, Tex. (AP) — Mike Thomas, one of the all-time great Texas school football stars, has quit the University of Oklahoma team, the Greenville Herald-Banner said Thursday.

Mackie Morris, sports editor of the Herald-Banner, said Thomas confirmed to him that he had dropped out of school, but would not discuss the matter further.

"I don't know what Mike is planning to do," his mother, Mrs. Jimmy Thomas of Greenville, said.

"He's taking some time off to

TCU's Tohill

Now Conscious

Fort Worth, Tex. (AP) — Billy Tohill, Texas Christian University's head football coach, badly injured in a traffic accident Wednesday, was conscious Thursday, members of the athletic staff reported.

He was able to communicate by writing notes, Mrs. Tohill said.

Doctors reported he spent a restful night although still in grave condition.

Tohill was in surgery for seven hours Wednesday.

Doctors said his injuries include a crushed pelvis, compound fracture of the right foot and ankle, multiple rib fractures, facial cuts, a compound fracture of the left facial bones and severe fracture of the left wrist.

Riggs, Court To Be On TV

SAN DIEGO (AP) — The tennis match between Bobby Riggs and Margaret Court was put off Wednesday until May 13 in order to get television coverage.

A sponsor said the \$10,000 "winner take all" contest will be carried live by CBS at 5 p.m. EDT.

When the Australian player accepted Riggs' challenge March 7, the match was set for April 28 at nearby San Diego Country Estates. Billie Jean King declined earlier to play the best-of-three sets in which the professional tie-breaker system will be used.

Riggs, a 55-year-old former Wimbledon champion, contends men are superior tennis players. Mrs. Court has won 13 of the last 14 tournaments on the women's pro tour.

Nebraska Wesleyan Contest Canceled

Longview, Tex. — Nebraska Wesleyan's scheduled doubleheader with LaTourea College, Tex., here Thursday was canceled because of rain.

NWU, currently 2-2, will face Judson College, Ill., here Friday afternoon in a nonconference doubleheader.

get himself straightened out," Mrs. Thomas added.

One reason Thomas came home was to get married. He wed the former Sylvia Wilkerson March 3 in Greenville and has been living here since.

Thomas suffered a painful nerve injury to his shoulder during early 1972 fall training that forced him to assume a reserve role.

Even with those problems, some of Thomas' gridiron ability showed against Oregon in OU's second game of the year. He broke for a 90-yard touchdown on his first carry as a varsity player to contribute to Oklahoma's 68-3 victory.

Sources close to Thomas indicated his decision to leave Oklahoma was not based on his prospects for gaining more playing time.

Should he transfer from Oklahoma, Thomas will be ineligible at most major schools until the 1974 season. The Western Athletic Conference is the only major conference which allows transfer students to participate during the regular season without sitting out a year.

Two of Thomas' brothers are professional football players—Jimmy Thomas, a defensive back with the San Francisco 49ers, and Earl Thomas, tight end with the Chicago Bears.

VFW Bowling Meet Scheduled At York

York — The 23rd Annual State VFW Bowling Tournament will be held at Sunset Bowl in York on March 31-April 1, April 7-8 and 14-15.

Deadline for entries is 6 p.m., March 24. Entry blanks have been mailed to all VFW posts in the state. Reservations and additional entry blanks can be obtained by contacting tournament secretary Mel Thompson at York.

NU Tennis Squad / Faces Doane Test

Crete — The University of Nebraska and Northwest Missouri State of Maryville will take to the tennis courts against Doane Friday and Saturday in the Fuhrer Fieldhouse on the Doane campus.

Doubles play is scheduled for 6 p.m. Friday and the singles competition will start at 9 a.m. Saturday.

Archibald Captures Honor

ST. LOUIS (AP) — Nate Archibald of the Kansas City-Omaha Kings was named Thursday as the National Basketball Association's player of the year in a league-wide poll conducted by The Sporting News newspaper published here.

Archibald, who as a guard has averaged 30 points and 10 assists per game, was one of the five NBA members of The Sporting News' all-star team picked in the March 24 edition of the weekly sports newspaper.

Guard Jerry West of the Los Angeles Lakers, center Kareem Abdul-Jabbar of the Milwaukee Bucks, forward John Havlicek of the Boston Celtics and forward Spencer Haywood of the Seattle SuperSonics rounded out the all-star team, which was selected in the balloting of 204 league players.

Haywood led all vote-getters with 127 votes followed by Archibald's 118.

The newspaper's second team included Boston's Dave Cowens at center, Dave DeBusschere of the New York Knicks and Bob Love of the Chicago Bulls at forwards, and New York's Walt Frazier and Pete Maravich of the Atlanta Hawks at guards.

"Although Archibald doesn't figure to do anywhere near as well in this season's Most Valuable Player race, his Player of the Year award is a great tribute to his individual skills," The Sporting News said.

Lincoln Cagers Receive Honors

Fifteen Lincoln prep basketball players were honored Thursday at the 39th annual Lincoln Sertoma Club basketball awards luncheon.

Nebraska sports information director Don Bryant was the featured speaker.

The honor athletes, three from each of the five city high schools, included:

East—Rick Samuelson, Reg Gast, Curt Hedburg (scholastic); Lincoln High—Mike Fritz, Steve Harris, Paul Grosscup (scholastic); Northeast—Terry Novak, Tom Westover, Doug Pillard (scholastic); Pais X—John Maggsamen, Dan Eisner, Jim Essay (scholastic); Southeast—Rick Reynolds, Steve McManaman, Les Buckley (scholastic).

Friday, March 16, 1973 The Lincoln Star 19 Walton Earns Naismith Trophy

New York (UPI) — Bill Walton of UCLA, regarded by many as the best big man ever to play collegiate basketball, Thursday was named winner of the James A. Naismith Trophy as the United Press International's player of the year for 1972-73.

It marked the second Naismith Trophy in a row for the 6-foot-11 junior, who in his two years of varsity competition has led the Bruins to 56 consecutive victories. Only three other players — Oscar Robertson (1958-59-60) — have ever been named UPI's player of the year more than once.

Walton won in a landslide this

year. In a balloting conducted of 195 sports writers and sportscasters from across the nation, the big redhead received 177 votes. All-America sophomore David Thompson of North Carolina State was second with 11 votes and Ernie DiGregorio of Providence was third with three votes.

Parks Officials Advised To Broaden Cooperation

Officials attending the Nebraska Recreation and Parks Association annual conference Thursday were told they could enhance local programs by "getting it together" with private groups and citizens.

Richard Westgate, superintendent of Parks and Recreation at Topeka, told more than 150 people attending the two-day conference.

No Mail Privileges

RIO DE JANEIRO, Brazil (AP) — Brazil's postal department has discontinued free postage privileges for federal agencies, which last year mailed 800 million letters and packages.

ference that joint cooperation between governmental agencies, private groups and citizens is vital to prevent the "urban demise seen to the east and west of us."

"There is no simple theory to go by to get your problems solved," Westgate said, "or no single book to go to."

Instead he urged the officials to learn from experience.

To meet the public demand for park facilities and recreational programs, Westgate urged the officials to become innovative and creative.

"We've been a little lazy," he said, relying on techniques used in the past.

"You have to be ready for change," Westgate stated.

At a banquet Thursday night Omaha Superintendent of Recreation Jerry Parks presented the association's distinguished service award to Lincoln Parks and Recreation Director Don Smith and to Ernie Gorr, of Omaha.

Recipients of the association's voluntary service awards included Lincoln Star Editor William Dobler and Bill Hayden, former members of the Parks and Recreation Board, and Mrs. Nola Kelly, Joe Babwick and Arthur Johnson, all of Omaha.

The association will conclude its session with the annual meeting Friday morning.

Testimony Supports Ag Center Measure

By MILAN WALL
Star Staff Writer

Spokesmen for the University of Nebraska and a host of farm organizations told the Legislature's Agriculture and Environment Committee Thursday that an amended version of the agriculture center bill represents a workable and worthwhile compromise.

The committee heard nearly three hours of testimony on the proposal, Aurora Sen. Maurice Kremer's LB149, but delayed action till Friday.

The bill, if amended as Kremer Thursday formally suggested, would create within the University of Nebraska-Lincoln a new Institute of Agriculture and Natural Resources headed by a vice chancellor.

Chancellor Nixed Originally, Kremer had proposed the Legislature create an Agriculture Center headed by its own chancellor, a concept opposed by the university.

The compromise proposal was the result of several negotiating sessions involving a handful of rural representatives and NU officials.

John Klosterman of David City, chief spokesman for the rural interests, said the compromise will maintain the internal administrative structure that NU believes is workable, while guaranteeing for the university's chief agricultural administrator "some assurance of direct access to the university administration" and the Board of Regents.

His comments were echoed by NU President D. B. Varner, who said the regents and the administration "enthusiastically endorse" the proposal.

"We urge you to adopt it," said Varner.

Last No-Fault Measure Killed

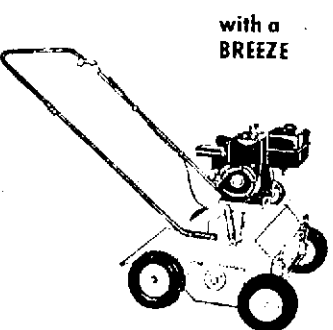

The last remaining no-fault insurance bill in the Legislature was laid to rest Thursday.

At an executive session, the Banking Committee killed LB161, a bill developed by an interim study committee and backed by the insurance industry.

An alternative bill, LB153, supported by attorneys, had been killed earlier.

Fellman: GOP 'Uneasy' About Limit

Sen. Richard Fellman of Omaha said Thursday he cannot blame Republicans for "feeling uneasy" about his bill to limit campaign spending.

His comment came in connection with discussion of LB310 during the meeting last weekend of the Republican State Central Committee in Lincoln.

Fellman said "statements against limiting political spending in campaigns and inferences that will mislead the public appear to me to have been made" at the meeting.

His bill would put a lid on how

much a candidate for state office can spend.

In a statement, Fellman said, "the interesting fact is that the sums allowed under LB310 would be in excess of the amount actually spent in the 1970 election by Democrats to

defeat an incumbent Republican.

"It is far less, however, than either a Republican challenger spent in the primary or an incumbent governor spent in an unsuccessful bid for re-election."

Thugs Disciplined

Wellington, New Zealand (AP) — The Labor government announced plans to discipline teenage thugs by sending them to work camps to clear land of brush.

Wine

TAKE A LITTLE WINE FOR THY STOMACH'S SAKE

is a famous quotation from the Bible. The citizens of wine-consuming countries have followed this advice for centuries. Throughout the history of man, the Church has been very prominent in the growing of grapes and the making of wine. It was the Monks, Priests, Nuns and other members of the Clergy, the sophisticated and learned people of the times who recognized the marvelous benefits which wine offered. In fact, every vineyard of note today was started by either a Hospice or other healing and nursing agency or by some Church faction or diocese. Today even the Medical profession regards wine as "Man's oldest Medicine" because of the many benefits which wine offers both as a supplement of food and in the treatment of many ailments. The Church is still very prominent in the wine industry, owning and cultivating some of the greatest vineyards in the world. Wine is the only alcoholic beverage used in religious services. **MITCH TAVLIN, THE WINE DEALER IN LINCOLN** has assembled the greatest collection of fine wines to be found anywhere; all types, from the world's greatest vineyards. A visit to **MITCH TAVLIN'S** wine shop could be compared to a visit to an art gallery or museum housing the outstanding works of art in the world — not just a meaningless collection of non-descript labels. **MITCH TAVLIN** has wines from vineyards which have been in an interrupted production since before the birth of Christ. During this long period of time, and the approaching day of Passover it would pay you to visit **MITCH TAVLIN'S WINE SHOP OF LINCOLN** to make your selection. **MITCH TAVLIN** is offering wines at below dollar devaluation prices. Remember, wine is your best investment and **MITCH TAVLIN** is the **MERCHANT OF VINOUS** in Lincoln — our wine specialists would consider it a privilege to advise and assist you in making your selection.

Nominated for 4 ACADEMY AWARDS

It's a hit! She's a hit!

"Cicely Tyson"

plays the first great Black heroine on the screen. She is visually extraordinary. Her cry as she runs down the road toward her husband, returning from prison, is a phenomenon. Something even the most fabled actress would not have dared.

—Pauline Kael, The New Yorker

"Cicely Tyson's"

performance is Oscar-deserving.

—Liz Smith, Cosmopolitan

"Cicely Tyson"

is masterful.

—Kathleen Carroll, Daily News

"A beautiful movie. It is a missing chapter from the 'Grapes Of Wrath' and of equal stature."

—Judith Crist, NBC TV Today Show

Asia Expert Will Speak At UNL

A widely recognized authority on Asian affairs who spent the month of December in Communist China, Dr. Lucian W. Pye, will address a public convocation at 7:30 p.m. Tuesday in the Nebraska Union Ballroom.

Dr. Pye, a professor of political science at the Massachusetts Institute of Technology, will be on the University of Nebraska-Lincoln campus Monday and Tuesday under the auspices of the University Chapter of Phi Beta Kappa.

He will address a joint meeting of Phi Beta Kappa and Sigma Xi honorary societies Monday evening. He will also speak to a number of classes and visit informally with students during coffee hour programs at 2 and 3:30 p.m. Tuesday in the Oldfather Hall Lounge.

In his lecture Tuesday night, which is free and open to the public as well as faculty and students, Dr. Pye will discuss "The New Phase in U.S.-China Relations." He spent the month of December in the People's Republic of China as a member

of the Committee on U.S.-China Relations.

Dr. Pye, who was born in Shansi Province of China, attended the North China American School in Peking. He received the B.A. degree from Carleton College in 1943 and served in the U.S. Marine Corps from 1944 to 1946. He did graduate study at Yale, receiving an M.A. in 1948 and the Ph.D. in 1951.

Chairman of the committee on comparative politics of the Social Science Research Council, Dr. Pye is a member of the board of directors of the Council on Foreign Relations, the Asia Society and the Asia Foundation. He is a fellow of the American Academy of Arts and Sciences and in 1963-64 was a

Bankrupt a Shakey's for lunch.
Shakey's
\$1.49
Come into Shakey's for lunch. Eat as much as you want. And pay the ridiculously low price of \$1.49. Even if you have ten slices of pizza, two pieces of chicken, two orders of salad and three of potatoes, all you pay is \$1.49. We may go bankrupt but you sure won't go hungry.

Segregationists Are Outwaited

DURBAN, South Africa (AP) — American Evangelist Billy Graham has outwaited South African racial segregationists but it has taken him 26 years. Over the span, Graham turned down all invitations to visit South Africa because of its segregation policies. But now he's agreed to address audiences in Durban and Johannesburg. There is to be no separate seating of the race. People can sit exactly where they want to. That was one of the conditions laid down by Dr. Graham before he accepted the invitation to come to South Africa.

Women's Lib Loses Appeal

TOKYO (AP) — How now, women's lib?

Miyoko Nakamoto was forced to retire as a clerical worker in 1969 at the age of 50, five years before the mandatory retirement age for men. She sued and lost in a ruling her husband called "antiquated in this age of women's lib."

On appeal, the Tokyo high court upheld the original decision. It said the earlier retirement age for women was not discriminatory since it was based "not on sex differentiation but on the fact that women's psychological functions are inferior to men's."

NOTICE TO CONTRACTORS

Sealed proposals will be received by the City of Lincoln, Nebraska, in the Purchasing Department, Room 3-367, in the County City Building, up to the hour of 10:00 o'clock, A.M., Wednesday, March 18, 1973, for the construction of water mains in Water District No. 881 being in "B" Street between 21st Street and 23rd Street in said City, according to the plans and contract documents of the Department of Public Works and Utilities on file in the office of the City Clerk.

Plans and contract documents may be seen and blank proposals obtained in the Department of Public Works and Utilities.

Each proposal must be accompanied by a certified check for five percent (5%) of the total amount bid, made payable to the City Treasurer, as a guarantee of good faith.

The City reserves the right to reject any or all proposals, and to waive any defect in proposals.

W. W. Harvey
Purchasing Agent

ORDINANCE NO. 10702

An Ordinance to amend Section 27 of Ordinance No. 10554 passed September 5, 1972, accepting the plat of Heritage Heights First Addition to revise the location of certain storm sewers.

BE IT ORDAINED by the City Council of the City of Lincoln, Nebraska:

Section 1. That Ordinance No. 10554 be amended by deleting from said Section 27 the description contained in subparagraph (b) under the paragraph designated as "Third" which reads: "In 58th Street from Elkerest Drive to LaSalle Street", and adding under said subparagraph (b) the following: "From 57th Street and Elkerest Drive northerly and easterly along the west side of Heritage Heights First Addition to LaSalle Street, and from 58th Street westerly between Lots 5 and 6, Block 2, Heritage Heights First Addition to the above-described system".

Section 2. This Ordinance shall take effect and be in force from and after its passage and publication according to law.

Introduced by
Fred R. Sikyta
Passed March 12, 1973
Harold W. Springer, City Clerk
5549-1T, Mar. 16

NOTICE OF ELECTION

Notice is hereby given that a Primary Election of the City of Lincoln will be held in said City of Lincoln on Tuesday, April 3, 1973 for the purpose of electing six candidates for the office of City Council member of the City of Lincoln, Nebraska.

There will also be submitted, at said Primary Election, for adoption or rejection, a proposed amendment to Article IV, Section 7 of the Charter of the City of Lincoln, Nebraska, which provides that each member of the City Council shall receive an annual salary of four thousand dollars, effective May 14, 1973.

The said City Primary Election shall be held in each election district within the City and at the polling places within said City as regularly designated by the Election Commissioner of Lancaster County, Nebraska, and the polls shall be open from 8:00 o'clock a.m. until 8:00 o'clock p.m. on said date.

Dated this 13th day of March, 1973.

Harold Springer,
City Clerk
City of Lincoln,
Nebraska

5787-3T, Mar. 16, 23, 30

NOTICE OF PUBLIC HEARING PROPOSED LINCOLN TRANSPORTATION SYSTEM BUS TERMINAL

1. Notice is hereby given that a public hearing will be held by the City of Lincoln on April 16, 1973 at 7:30 p.m. in the City Council Chambers, County City Building, 555 South 10th St., Lincoln, Nebraska, for the purpose of considering a project for which financial assistance is being sought from the Urban Mass Transportation Administration (UMTA), pursuant to the Urban Mass Transportation Act of 1964, as amended, generally described as follows:

(a) DESCRIPTION OF PROJECT:
(1) Construction of a municipal bus terminal to be incorporated in a multi-purpose structure to be located in the block bounded by "N"-O", 11th and 12th streets in the central business district of the City of Lincoln.

(2) The total estimated cost including land acquisition for said bus terminal is \$1,150,000. The City of Lincoln is applying for a capital grant of \$766,667 (two-thirds of total cost) from UMTA. The local share of the cost of said bus terminal is \$383,333 (one-third of total cost) will be secured from general obligation bonds authorized by the 1971 mass transit bond ordinance and from municipal sales taxes.

(b) RELOCATION: 55 persons, families and business are estimated to be displaced by this project. Persons, families and businesses so displaced will be afforded rights as required by the uniform Relocation Assistance and Real Property Acquisition Policies Act of 1970.

(c) ENVIRONMENT: It is projected that the proposed bus terminal will have a favorable environmental impact upon the Lincoln urban area.

(d) COMPREHENSIVE PLANNING: This project does not conflict with the Comprehensive Regional Plan for the Lincoln City-Lancaster County Metropolitan Area of Nebraska and the Lincoln Metropolitan Area Transportation Study. This project is currently under review by the Lincoln City-Lancaster County Planning Commission and the State Office of Planning and Programming.

(e) ELDERLY AND HANDICAPPED: This project has taken into consideration the special needs of elderly and physically handicapped persons. The Lincoln Transportation System is currently providing special services for elderly and handicapped persons under a grant from the Federal Administration on Aging and a demonstration grant from UMTA. The proposed bus terminal will provide exclusive loading and unloading facilities for elderly and handicapped persons.

2. At the hearing to be held on April 16, 1973, the City of Lincoln will afford all interested persons and agencies an opportunity to be heard with respect to the social, economic and environmental aspects of this proposed municipal bus terminal project. All interested persons and agencies may submit oral or written statements and recommendations with regard to said project.

3. A copy of the preliminary application for a federal capital grant for this proposed municipal bus terminal project including an environmental statement and transit development program (contained in the technical report entitled "Improved Transit Service") are currently available for public inspection in the office of the City Clerk, Room B-367, County City Building, 555 South 10th Street, Lincoln, Nebraska. In the event UMTA shall prepare a formal statement on the environmental impact of this proposed project, the availability of such statement will be made known by public notice.

Harold Springer,
City Clerk
5786-1T, Mar. 16

NOTICE TO BIDDERS

New Swimming Pool & Related Facilities
Waverly, Nebraska
Project No. 31-00181

Sealed bids will be received by the City Clerk of the City of Waverly, Nebraska, until 1:00 P.M., Central Standard Time, Friday, April 13, 1973 for the construction of a Swimming Pool and Related Facilities and Asphaltic Paving in the City Park at Waverly, Nebraska, in accordance with drawings and specifications prepared by Hoskins-

Western-Sonderregger, Inc., Engineers-Architects-Planners, 825 "J" Street, Lincoln, Nebraska. Bids will be received at the City Hall in Waverly, Nebraska, publicly opened and read aloud. Bids received after the scheduled closing time will be returned unopened.

The Work is divided into two parts. Contractors may bid either one or both parts of the Work as hereinafter described. Estimated construction cost of the Work is \$170,000 including \$85,000 of Federal Assistance.

Part I consists of all Work shown on the Site Plan within the "Boundary of Work in Part I", together with all new utility and drainage lines shown on the Site Plan outside of the "Boundary of Work in Part I". The Work in Part I includes the construction of the swimming pool, wading pool, pool deck and fence, bath house, concrete curb and walk and all earth work inside the "Boundary of Work in Part I". Swimming pool equipment and piping, mechanical work and electrical work are included in Part I. The paved drives and parking areas are not included in Part I.

Part II consists of all Work shown on the Site Plan outside of the "Boundary of Work in Part I", together with all new utility and drainage lines shown on the Site Plan, as described above. The Work in Part II generally includes all earth work outside the "Boundary of Work in Part I" and the construction of all new paved drives and parking areas shown on the Site Plan.

The Work in Part II includes the construction of all new paved drives and parking areas shown on the Site Plan. The Work in Part II is to be completed by the provisions of Executive Order No. 11246 of September 24, 1965 as included therein regarding nondiscrimination in employment.

Each bidder must include with his proposal a statement that the bidder is complying with, and will continue to comply with, fair labor standards according to law, in the pursuit of his business and in the execution of the contract on which he is bidding.

No pre-bid conference is required. All bids shall be made on the printed Proposal Forms to be made a part of the Contract Documents.

All bids shall remain in effect for a period of thirty days after the scheduled closing time for the receipt of bids. Each bid shall be accompanied by an acceptable Bid Bond or Certified Check payable to the City of Waverly, Nebraska in the amount of five percent (5%) of the total bid submitted as a guarantee that, if awarded the contract, the bidder will promptly enter into a contract and execute such bonds as may be required. If the bidder fails to do so, the bond or check shall be forfeited to the City of Waverly, Nebraska.

The successful bidder to whom a contract is awarded shall provide a corporate Surety Performance Bond and Labor and Material Payment Bond, each in an amount equal to 100% of the total amount of the contract.

The City of Waverly reserves the right to reject any or all proposals, and to waive any irregularities in any proposal. Drawings and specifications may be inspected at the office of the Architects, the Lincoln Builders Bureau, 507 "J" Street, Lincoln, Nebraska; the Omaha Builders Exchange, 1245 St. Mary's Avenue, Omaha, Nebraska; the F. W. Dodge Corporation, 3929 Harney Street, Omaha, Nebraska; or the Master Contractor, 2537 Madison, Kansas City, Missouri.

The Bidding Documents may be secured without charge by Contractors, Subcontractors and Suppliers, from

Hoskins-Western-Sonderregger, Inc., Engineers-Architects-Planners, 825 "J" Street, Lincoln, Nebraska.

Lloyd Beavans
City Clerk
City of Waverly,
Nebraska

5788-3T, Mar. 16, 23, 30

NOTICE OF HEARING LINCOLN CITY-LANCASTER COUNTY PLANNING COMMISSION

Notice is hereby given that the Lincoln City-Lancaster County Planning Commission will hold a public hearing on Wednesday, March 21, 1973, 2:30 p.m. in the Council Chambers, 555 So. 10th, Rm. B128, Lincoln, Nebraska, on the following:

1. Change of Zone No. 1277, application of J. Lee Rankin for a change of zone from "E" Multiple Dwelling to "I" Commercial on Lots 7 and 8, Block 11, Lavenders Addition, Lincoln, Lancaster County, Nebraska, and generally located at the northeast corner of 17th and "L" Streets.

2. Change of Zone No. 1278, application of Grace Kinney for a change of zone from "B" Two Family Dwelling District to "D" Multiple Family Dwelling District on property described as Lot 14 and the West 1/2 of Lot 15, Block 22, Peck's Grove Addition, Lincoln, Lancaster County, Nebraska, generally located at 31st and "R" Streets.

3. Change of Zone No. 1279, application of Alvin B. Olson for a change of zone from "A-2" Single Family Dwelling District to "D" Multiple Family Dwelling District on Lots 7, 8, 9, and 10, Block 48, G.M. Barnes Subdivision, Lincoln, Lancaster County, Nebraska, generally located at 40th and Huntington Streets.

4. Change of Zone No. 1280, application of Charles B. Wheat for a change of zone from "A-2" Single Family Dwelling District to "D" Multiple Dwelling District on property described as the North 71' of Lots 1, 2, and 3, Block 137, Havelock Addition, Lincoln, Lancaster County, Nebraska, generally located at 62nd and Colfax Streets.

5. Change of Zone No. 1281, application of Derald E. Gottsleben for a change of zone from "B" Two Family Dwelling District to "D" Multiple Dwelling District on property described as Lot 3 and the West 1/2 of Lot 2, Block 29, College View Addition, Lincoln, Lancaster County, Nebraska, generally located at 52nd and Prescott Streets.

6. Change of Zone No. 1282, application of Joseph R. Hampton

for a change of zone from "A-1" Single Family Dwelling District to "F" Restricted Commercial District on property described as Lot 3 1/2, Lot 68 1/2, and the South 105 1/2' of Lot 67 1/2, lying east of Lot 68 1/2, all in the NW 1/4 of Section 34, T10N, R7E, Lincoln, Lancaster County, Nebraska, generally located at 70th and Lincolnshire Rd.

7. Change of Zone No. 1283, application of Francis and Dorothy Ketterer and Michael Ketterer for a change of zone from "A-2" Single Family Dwelling District to "B" Two Family Dwelling District on property described as Lots 15, 18, and 20, Block 1, Barnes Addition, Lincoln, Lancaster County, Nebraska, generally located at 11th and High Streets.

8. Change of Zone No. 1284, application of Western Realty Co. by David C. Pierson, attorney, for a change of zone from "A-2" Single Family Dwelling District to "C" Local Business District on property described as the East 183' of the South 925' of Lot 86 1/2, from "A-A" Rural and public Use District to "G" Local Business District on property described as the West 217' of the East 400' of the South 925' of Lot 86 1/2, and from "A-A" Rural and Public Use District to "A-2" Single Family Dwelling District on property described as all of Lot 86 1/2, except the East 400' of the South 925' thereof and except that part now zoned "A-2" Single Family Dwelling District, all in the S.W. 1/4 of Section 28, T10N, R6E, East of the 6th P.M., Lancaster County, Nebraska, generally located at West "A" Street and South Coddington.

9. Change of Zone No. 1285, application of Warren J. Firestone for a change of zone from "A-2" Single Family to "F" Restricted Commercial on property described as Lot 17 and 18, Block 2, Taylor Heights Addition, Lincoln, Lancaster County, Nebraska, generally located at 60th and Cotner Boulevard.

10. Special Permit No. 647, application of Joseph R. Hampton for a special permit to construct a parking lot on the North 90' of Lots 1 through 7, Block 101, Bethany Heights Addition, Lincoln, Lancaster County, Nebraska, generally located at 936 North 70th Street.

11. Special Permit No. 648, application of Dot, Inc. for a special permit to construct a parking lot on

the South 25' of Lot 3 and the North 25' of Lot 6, Erbs Addition, Lincoln, Lancaster County, Nebraska, and generally located at 870 North 26th Street.

12. Special Permit No. 649, application of Mirwyn Jackson to construct a community unit plan on the West 200' of the South 145 1/2' and the West 130' of the North 146' and the South 31' of the West 55' of the East 115' of the North 146' of Block 1, and the Southeast Quarter of Block 2, Lemons Subdivision of the East Half of the Southwest Quarter of Section 16, T10N, R7E, of the 6th P.M., in Lincoln, Lancaster County, Nebraska, generally located at Leighton Street between 62nd and 63rd Streets.

13. Special Permit No. 651, application of Calvin Krueger and Bill Krein for a special permit to construct a community unit plan on Lot 105 1/2 I.T. in the Northwest Quarter of Section 4, T9N, R7E, of the 6th P.M., Lancaster County, Nebraska, generally located at 56th and Calvert.

14. Special Permit No. 652, application of Mistle Chevrolet for a special permit to construct a parking lot on part of Lot 4, Lemings Subdivision and parts of Block 2, Alles Replat, Lincoln, Lancaster County, Nebraska, generally located approx. 200' south of 50th Street.

15. Special Permit No. 653, application of B. & B. Productions, by Eugene Benes, President, for a special permit to renovate the Plamoor Ballroom on Lot 6 I.T. in the Southwest Quarter of Section 24, T10N, R5E, Lancaster County, Nebraska, generally located on West

"O" Street approx. 1 mi. east of Emerald, Nebraska.

16. Preliminary plat of Landon Subdivision, a subdivision of part of the W 1/4 of the NE 1/4 of Section 12, T10N, R6E, Lincoln, Lancaster County, Nebraska, generally located at 20th and Superior Streets.

17. Preliminary plat of Heritage Heights 2nd Addition, a subdivision of part of Lots 51, 71, 72, 73, 74 and a replat of Lot 1, Block 9, Heritage Heights First Addition, Section 9, T9N, R7E, generally located east of 56th Street and South of Pioneers.

18. Preliminary Plat of Neerpark Addition on Lot 105 I.T. in the Northwest Quarter of Section 4, T9N, R7E, of the 6th P.M., Lancaster County, Nebraska, generally located at 56th and Calvert.

Stocks

Go Into Tailspin

NEW YORK (AP) — The stock market, coasting through an unimpaired week, went into a mild tailspin Thursday.

The Dow Jones average of 30 industrials dropped steadily through most of the session to close at 969.82, down 9.03. Losers outnumbered gainers by a 973 to 435 margin on the New York Stock Exchange.

Big Board volume was 14.45 million shares, virtually matching Wednesday's 14.47 million and extending the listless trend of several previous sessions.

Analysts said one cause of the inactivity was the approach of Friday's meeting of finance ministers in Paris. Investors were holding back while awaiting international monetary developments, some brokers noted.

"All eyes are on the monetary talks," said John Smith at Fehnestock & Co.

Leshie M. Pollack at Hayden Stone maintained, however, that the market's problems appeared to be "more technical than fundamental."

Champion International was the most active issue on the Big Board Thursday, falling 1 1/2 points after a 476,400 share block trade.

Copper mining stocks were among the issues hit by some selling after the White House said it would release large amounts of copper and other minerals from government stockpiles.

Kennecott was off 1 1/2 to 2 1/2. Anaconda fell 1 1/2 to 2 1/2. Copper Range was down 1 1/2 to 2 1/2.

Parmco, Inc. and Sav On Drugs were the most active issues on the Big Board Thursday, falling 1 1/2 points after a 476,400 share block trade.

General Hospital rose 2 1/2 to 17. Triumphant American, Inc. sold off shares for an offer to buy up to 1,075,000 shares of General Hospital.

Offshore industries were the American Stock Exchange's volume leader, down 2 1/2 to 2 1/2. The index said it could offer no immediate explanation for the drop.

The New York Stock Exchange index of more than 1,000 common stocks slipped 0.4 to 61.06.
